Women, Violence and Postmillennial Romance Fiction Emma Roche, 2023-04-21. This book interrogates the significance of the revival and reformulation of the romance genre in the postmillennial period. Emma Roche examines how six popular novels published between 2005 and 2015: *Twilight*, *Fifty Shades of Grey*, *Gone Girl*, *Sharp Objects*, and *The Girl on the Train* reanimate and modify recognisable tropes from the romance genre to reflect a neoliberal and postfeminist cultural climate. As such, Roche argues these novels function as crucial spaces for interrogating and challenging those contemporary gender ideologies. Throughout the book, Roche addresses and critiques several key attributes of neoliberal postfeminism, including a pervasive emphasis on individualism and personal responsibility, an insistent requirement for self-monitoring, self-surveillance, and bodywork, the celebration of consumerism and its associated pleasures, the prescription of mandatory optimism, and suppressing one's negative emotions and the endorsement of choice as a primary marker of women's

empowerment While much critical attention has been devoted to those attributes and their pernicious effects Roche argues that one crucial repercussion has been largely overlooked in contemporary cultural criticism how these ideologies function together to effectively sanction gender based violence Thus Roche exploits textual analysis to demonstrate the subtle ways in which neoliberal postfeminism can augment women s vulnerability to male violence **Disruptive Women of Literature**

Eleanore Gardner,2024-07-08 Disruptive Women of Literature Rooting for the Antiheroine critically examines the representation of the literary antiheroine in contemporary Gothic and crime thriller novels and traces her emergence from the deviant women of Greek mythology and Shakespeare to the twenty first century It explores how the antiheroine shifts dependent on genre time period and format demonstrating that she is capable of both challenging and reaffirming problematic ideologies surrounding women power violence sexuality and motherhood Eleanore Gardner argues that the antiheroine is almost always defined by her experience of a patriarchal trauma and must therefore navigate her identity differently and more complexly than her antihero counterpart The author examines a broad range of texts to understand the antiheroine s fluidity her liminal and abject existence and what these suggest about cultural anxieties surrounding transgressive women 50 Classic Gothic Works Vol. 1 Oscar Wilde,William Beckford,H.P.
