

# FORMAL LAB REPORT FORMAT

*The following is a guide for all formal lab reports in this course. You need not limit yourself to this outline. If additional information is warranted then please add it.*

## Title

- The title should indicate what the lab is all about. Centered at the top of the page.

## Introduction & Background

- Include what is already known – with citations
- Indicate what you hope to learn (purpose of the lab)
- List of components of experimental design: Independent variable, dependent variable, control factors, constants.
- Clearly identify your hypothesis
- **Caveat:** This introduction section will take some research. Do not “wing it” by making up information from your head!!

## Materials

- List the materials used in the lab

## Procedure

- A brief description of the procedure to show how the lab was conducted
- Describe methods for controlling variables
- Describe methods for collecting data
- Note any departure from the instructions given

## Results (present the data)

- Construct all data tables and charts to present the data collected
- Must include titles and labels for all tables and charts

## Analysis (process the data)

- Construct all graphs needed to show results
  - Correct type (bar, line, pie)
  - Title
  - Appropriate Units
  - Labeled Axis
  - Legend
- Labeled diagrams or photos

## Conclusion & Discussion

- State a valid conclusion and explain **WHY** you think the results turned out the way they did.
- Explain any unexpected results and why those results may have been obtained.
- Evaluate the data to determine if it supports your hypothesis using specific reference to the data.

## Sources (each under an individual section)

- References – Works cited within your lab report in the introduction or conclusion/discussion.
- Appendix – Put any formulas used for calculating data presented or references in the lab report.

**A Farewell to Three Wives** STANLEY B. GRAHAM,2014-03-14 Dear Book Browser Thanks for stopping to look at this book With millions of books in the market place what chance does mine have to survive That is what I the author am concerned about I have just given birth so to speak to a new baby the novel that has absorbed my interest and been my work for several years I know that I have tremendous competition not only with contemporary authors but also with authors of the classics going back hundreds of years Yet I feel that I need to add my experiences to these mountains of fiction I feel as though I have done so by introducing the fictitious Rick Stevens to my readers Rick Stevens is the main protagonist not the hero in my novels Like many Midwestern American men born in the first half of the 20th century he and they have much in common As you have guessed I visualize myself as the

fictitious Rick Sevens we are similar but not identical in all aspects Most of my life I have kept a diary or journal Also I have written and received many letters which I have arranged in chronological order in three ring notebooks Besides my memories these records have provided me with raw material and realistic detail for my novels In this novel I have described Ricks courtships three marriages his two sons and family life including his failures and his successes Since my retirement after 35 years from my work as a high school science teacher physics earth science chemistry biology I have kept myself busy with my writing This is my eighth book I hope you find it interesting and worth reading If you have read two of my previous novels I WAS HERE The Young Manhood and Education of Rick Stevens and To Become a Rich American you will realize this novel A Farewell to Three Wives becomes the third volume in the Trilogy Stanley B Graham
