A Priori Edwin Mares, 2014-10-14 In recent years many influential philosophers have advocated that philosophy is an a priori science Yet very few epistemology textbooks discuss a priori knowledge at any length focusing instead on empirical knowledge and empirical justification As a priori knowledge has moved centre stage the literature remains either too technical or too out of date to make up a reasonable component of an undergraduate course Edwin Mares book aims to rectify this This book seeks to make accessible

to students the standard topics and current debates within a priori knowledge including necessity and certainty rationalism empiricism and analyticity Quine's attack on the a priori Kantianism Aristotelianism mathematical knowledge moral knowledge logical knowledge and philosophical knowledge Structural Impact Norman Jones, 2011-12-26 Structural Impact is concerned with the behaviour of structures and components subjected to large dynamic impact and explosive loads which produce inelastic deformations It is of interest for safety calculations hazard assessments and energy absorbing systems throughout industry The first five chapters introduce the rigid plastic methods of analysis for the static behaviour and the dynamic response of beams plates and shells The influence of transverse shear rotatory inertia finite displacements and dynamic material properties are introduced and studied in some detail Dynamic progressive buckling which develops in several energy absorbing systems and the phenomenon of dynamic plastic buckling are introduced Scaling laws are discussed which are important for relating the response of small scale experimental tests to the dynamic behaviour of full scale prototypes This text is invaluable to undergraduates graduates and professionals learning about the behaviour of structures subjected to large impact dynamic and blast loadings producing an inelastic response Handbook of Laser Technology and Applications Chunlei Guo, Chandra Subhash Singh, 2021-06-23 This comprehensive handbook gives a fully updated guide to lasers and laser technologies including the complete range of their technical applications This forth volume covers laser applications in the medical metrology and communications fields Key Features Offers a complete update of the original bestselling work including many brand new chapters Deepens the introduction to fundamentals from laser design and fabrication to host matrices for solid state lasers energy level diagrams hosting materials dopant energy levels and lasers based on nonlinear effects Covers new laser types including quantum cascade lasers silicon based lasers titanium sapphire lasers terahertz lasers bismuth doped fiber lasers and diode pumped alkali lasers Discusses the latest applications e g lasers in microscopy high speed imaging attosecond metrology 3D printing optical atomic clocks time resolved spectroscopy polarization and profile measurements pulse measurements and laser induced fluorescence detection Adds new sections on laser materials processing laser spectroscopy lasers in imaging lasers in environmental sciences and lasers in communications This handbook is the ideal companion for scientists engineers and students working with lasers including those in optics electrical engineering physics chemistry biomedicine and other relevant areas *Sculpture on a Grand Scale* Tyler Sprague, 2019-07-22 The Kingdome John Jack Christiansen's best known work was the largest freestanding concrete dome in the world Built amid public controversy the multipurpose arena was designed to stand for a thousand years but was demolished in a great cloud of dust after less than a quarter century Many know the fate of Seattle's iconic dome but fewer are familiar with its innovative structural engineer Jack Christensen 1927 2017 and his significant contribution to Pacific Northwest and modernist architecture Christiansen designed more than a hundred projects in the region public schools and gymnasiums sculptural church spaces many of the Seattle Center's 1962 World's Fair buildings and the Museum of Flight's
