A. Barron,2007-02-15 What is a hero Using the metaphor of a hiking trail bestselling author T A Barron discusses the great variety of heroes and brings them to life through their own stories Some are well known like Wilma Rudolph Anne Frank and Stephen Hawking Yet most are ordinary kids who have made amazing choices saved their siblings from a fire struggled to stop prejudice at their school helped raise money to build a well in an African village This book will be invaluable to kids parents and educators who need role models for young people to look up to and a new way to look at what a hero is

Narratives of Qualitative Research Josh Tenenbergh,2024-05-21 Narratives of Qualitative Research uses a novel form of writing about how to do qualitative research called a praxis narrative Each narrative is told from the author s perspective in carrying out one of his past research studies in the social sciences Told chronologically and in a first person voice the narratives position the reader alongside the narrator so as to vicariously experience how research happens in its situated particulars Rather than a set of idealizations and universalized pronouncements the author reveals what really goes on when one is in the thick of complex and challenging research studies the points of trouble along with the successes This will be relevant to researchers who have already undertaken one or more empirical research studies though not necessarily using qualitative approaches and now find themselves facing something new a new analytic method a new theoretical lens a new form of data collection a new domain of research questions a new rhetorical approach This requires letting go of the secure handholds of prescribed methods and responding to the contingencies that arise in the midst of the research The reader is invited to follow along as the author makes visible his praxis of qualitative research Unlike more conventional texts in this unique alternative the reader can follow the author s journey through his research studies as a way to reorient their

conception of qualitative research and their own praxis of it This is fascinating reading for qualitative researchers and students taking qualitative research courses across the social sciences education and behavioural sciences *Resources in Education* ,2001-10 **The First Book** Jesse Zuba,2025-07-15 An illuminating look at the poetic debut in twentieth century American literary culture We have many poets of the First Book the poet and critic Louis Simpson remarked in 1957 describing a sense that the debut poetry collection not only launched the contemporary poetic career but also had come to define it Surveying American poetry over the past hundred years The First Book explores the emergence of the poetic debut as a unique literary production with its own tradition conventions and dynamic role in the literary market Through new readings of poets ranging from Wallace Stevens and Marianne Moore to John Ashbery and Louise Gl ck Jesse Zuba illuminates the importance of the first book in twentieth century American literary culture which involved complex struggles for legitimacy on the part of poets critics and publishers alike Zuba investigates poets diverse responses to the question of how to launch a career in an increasingly professionalized literary scene that threatened the authenticity of the poetic calling He shows how modernist debuts evoke markedly idiosyncratic paths while postwar first books evoke trajectories that balance professional imperatives with traditional literary ideals Debut titles ranging from Simpson s *The Arrivistes* to Ken Chen s *Juvenilia* stress the strikingly pervasive theme of beginning accommodating a new demand for career development even as it distances the poets from that demand Combining literary analysis with cultural history The First Book will interest scholars and students of twentieth century literature as well as readers and writers of poetry Monthly Catalogue, United States Public Documents ,1991-05 **Monthly Catalog of United States Government Publications** United States.
