materials included in this book were selected by panels of teachers and scientists using evaluation criteria developed for the guide. The criteria reflect and incorporate goals and principles of the National Science Education Standards. The annotations designate the specific content standards on which these curriculum pieces focus. In addition to the curriculum chapters, the guide contains six chapters of diverse resources that are directly relevant to middle school science. Among these is a chapter on educational software and multimedia programs; chapters on books about science and teaching; directories and guides to science trade books and periodicals for teachers and students; Another section features institutional resources. One chapter lists about 600 science centers, museums, and zoos where teachers can take middle school students for interactive science experiences. Another chapter describes nearly 140 professional associations and U.S. government agencies that offer resources and assistance. Authoritative, extensive, and thoroughly indexed, and the only guide of its kind, *Resources for Teaching Middle School Science* will be the most used book on the shelf for science teachers, school administrators, teacher trainers, science curriculum specialists, advocates of hands-on science teaching, and concerned parents.

**Reach Before You Teach** Paula Prentis, Chris Parrott, Amy Smith, 2013-09-17 Direct connection with students' unique identities is the key to teaching them. Every student possesses a distinct combination of strengths and insecurities that will not respond to a one-size-fits-all teaching method. *Reach Before You Teach* shows educators how to form the nurturing, individualized connections that make students feel worthy, fulfilled, and ready to flourish as learners. The book details practical, empowering information about how a sense of self comes to be and what threatens it. Interventions that soften the myriad defenses students develop to protect themselves. How to address the often overlooked connections between physical, social, and emotional health and classroom performance.
