*A Pledge of the Truth* Taylor Evan Walls,2024-04-12 Persecution false accusations and philosophical criticisms were all a common part of the life of the church in the second century Many Christian writers took up the mighty pen to defend the Christian faith Though often overlooked Theophilus of Antioch was one of these apologetic writers who boldly identified himself as a Christian and a believer in God s

word In his only remaining work *Ad Autolycum* Theophilus shows the irrationality of the pagan worldview and defends the Christian faith with a firm commitment to the authority of Scripture The Scriptures are foundational to his defense of the Christian faith He presents the Scriptures both from the Old and New Testaments as a faithful guide and guarantee of truth on the nature of God the world and ethics The Scriptures were efficacious in his own conversion to Christianity and so he uses those same divine words in order to call his pagan friend from idolatry to the truth of the one God In this book Taylor Evan Walls offers a systematic presentation of Theophilus understanding of the nature of Scripture and shows how this doctrine provided the foundation and structure for his defense of Christianity *Oxford University Gazette* University of Oxford,1880 **Willing and Understanding: Late Medieval Debates on the Will, the Intellect, and Practical**

*Confucianism, A Habit of the Heart* Philip J. Ivanhoe,Sungmoon Kim,2016-02-01 Employs Robert Bellah s notion of civil religion to explore East Asia s Confucian revival Can Confucianism be regarded as a civil religion for East Asia This book explores this question bringing the insights of Robert Bellah to a consideration of various expressions of the contemporary Confucian revival Bellah identified American civil religion as a religious dimension of life that can be found throughout US culture but one without any formal institutional structure Rather this civil form of religion provides the ethical principles that command reverence and by which a nation judges itself Extending Bellah s work contributors from both the social sciences and the humanities conceive of East Asia s Confucian revival as a habit of the heart an underlying belief system that guides a society and examine how Confucianism might function as a civil religion in China Korea and Japan They discuss what aspects of Confucian tradition and thought are being embraced some of the social movements political factors and opportunities connected with the revival of the tradition and why Confucianism has not traveled much beyond East Asia The late Robert Bellah s reflection on the possibility for a global civil religion concludes the volume *Assaulted Personhood* Craig C.

Malbon, 2020-12-14 In 21st century America personhood is under daily assault sometimes with dire consequences. Scientist, ethicist, and ordained minister Craig C. Malbon encourages the reader to consider such assaults on personhood endured by victims of abortion, ageism, Alzheimer's disease, drug addiction, mental and physical disabilities, gender, gender orientation, racism, sexual preference, identity politics, and our will to power over the other. In exploring personhood status, Malbon poses difficult questions for us: Is personhood assigned as all or nothing, or is it a sliding scale based upon criteria arbitrarily aimed at our vulnerabilities? Does the voiceless embryo and fetus have advocates who can speak to the moral question of abortion? Is the personhood of an economically insecure pregnant woman degraded to the point where lack of access to early termination of pregnancy results in coercive childbearing? Does being a member of the LGBTQI community target one for assaults on personhood to the extreme of being killed? In delving into the biology and psychology of assaults of self upon the other, Malbon sees powerful linkages of everyday assaults on personhood to darker, profound original sins that are foundational to the rise of the American empire: i.e., assaults on the indigenous Native Americans and assaults derivative to the institution of slavery upon Africans, African Americans, and their descendants.
