The Hidden Web

Maureen Henninger,2008 A generation has grown up believing that everything can be found on the Web But how do you separate quality information from the dross Maureen Henninger addresses these and other such issues and assumes that for most readers the Internet is no longer a mystery

Cyber Ethics & Cyber Bullying

Feri Sulianta ,Wawan Hendrawan,2016-01-04 Teenagers in the cyberworld the subject is worth to be known by teenagers parents and educators is the theme selected by the writers as the response to the involvement of teenagers in the cyberworld This book portrays the particular behavior of teenagers while interacting in cyber society in contrast to the life of traditional society The discussions are very interesting because what has been done in traditional society is transformed into the cyberworld where computer ability acts as the main vehicle to surf it Problems endured by teenagers as personal beings who are very active in cyberworld tend to disadvantage themselves This is proven from the existing cases presented in this book It is the responsibility of parents and educators as the representation of society to give full attention in creating a better cyberworld for the teenagers Further society in this context represented by parents and educators should have correct understanding of cyberworld and its impacts towards the lives of teenagers in particular The discussions in this book are some samples of many Internet contents which related mostly to the life of teenagers in the cyberspace The topics described inside it based on the recent cases happened and are explained briefly and concisely Therefore they are up to date as well as educative

Moreover it is hoped that its presence gives practical values for teenagers educators and parents This book is suitable for teachers lecturers and societies as a whole because it illustrates the real problems and their solutions happened in foreign countries and Indonesia as well
