It Started That Night:

It Started That Night Virna DePaul, 2012-04-17 Her mother's killer is on death row or so Lily thought Now the case is being reopened by Detective John Tyler the man who broke her teenage heart the night of the murder Only she can help him find the truth For Lily Cantrell suffering amnesia and hiding a secret John's investigation unleashes tormenting dreams grave doubts and conflicting emotions about the crush she never got over As much as she wants John how can she forgive the man who treated her so cruelly Or trust a man who might betray her What Lily does know is their reawakening passion is bound to be dangerous but not nearly as dangerous as the madman bent on killing her Night Siege Joseph Allen Hynek, Philip J. Imbrogno, Bob Pratt, 1998 In 1983 a few miles north of New York City hundreds of people were startled to see a UFO a series of flashing lights that formed a V as big as a football field moving slowly and silently This text explores all the evidence and over 7000 sightings including those recorded up to 1995 One Night, Two Teams Steven Travers, 2007-08-20 In the sweltering heat of September of 1970 on Legion Field the USC Trojans and the University of Alabama's Crimson Tide played a game that defined the emancipation of the South from its sordid history of racial segregation When USC's black running back Sam The Bam Cunningham ran roughshod all over the all white Crimson Tide more than a football game was won Based on interviews with many of the game's participants and thoroughly researched this book presents sports as a metaphor for one of the most profound social changes in history *Soundtrack from Saturday Night Fever* Clinton Walker, 2024-08-08 Saturday Night Fever is simultaneously one of the biggest selling albums of all time and one of the most reviled How can a record create such a polarizing reaction Australian writer Clinton Walker attempts to answer that question and finds that among other things a certain seemingly unlikely Australianness is part of the reason Fever was a supernova for disco for the Bee Gees for the domineering Robert Stigwood producer of the film and its true auteur and for the entire record business This book traces all the interdependent convolutions that fed into the film and its music not least the Australian roots that Stigwood and Gibb brothers shared which gave them an Otherness and almost formless shape shifting self determination and it finds that sometimes great art can be made by a committee that sometimes five songs are enough to change the world
