How To Start Studying for Nursing School Entrance Exams ATI TEAS - HESI - Kaplan Nursing

1 Take a free practice test.
Taking a practice test lets you determine your strengths and weaknesses. Instead of cramming entire subjects, you can hone in on specific topics within each subject.

2 List out your strengths, weaknesses, & practice test scores each time.
By charting your scores, you can compare how you are improving as you dedicate time to studying and practicing. Start by studying your two weakest areas in one subject.

3 Schedule, Retake, Evaluate.
Reference your "weaknesses" and schedule times over the next few weeks where you will study the material related to that topic. After studying the topic a few times, re-take a practice test. Evaluate the diagnostic report to compare your initial scores. Determine if you've improved enough in that topic to spend time on other weaknesses or if you need to plan additional study time.
