Kaps All Capper Manual:

Write It Down Janet Gough, 1999-10-01 A well understood tenet exists among the FDA and other regulatory bodies if you didn't write it down it didn't happen. And if it didn't happen your company stands to lose time, money and perhaps its competitive edge. This book provides writers with the tools they need to put effective documentation in place. It offers a broad range of documents representative of the types of writing in the healthcare industry from the laboratory and QA to manufacturing and regulatory affairs. The book offers valuable insights into managing systems and producing documentation that meets the requirements of the binding regulations. Beverage Industry Annual Manual, 1985 Packaging, 1994
