Secondary Curriculum Design and Delivery Glynis Frater, 2024-12-04 This is a practical guide for school leaders and teachers who have responsibility for designing and delivering a knowledge rich and skills focused curriculum at KS3 and KS4 It considers the elements that underpin a high quality curriculum and how to create sequential and conceptually rich learning experiences for pupils across the secondary phase Key topics include Tools and techniques that can support staff to develop a cohesive curriculum across every secondary subject area A focus on essential knowledge and skills within each subject Transition from primary to secondary school and the importance of KS3 The role of leadership in defining curriculum vision rationale and ambition A review of compulsory and desirable elements of curriculum planning such as well being and physical health Glynis Frater is the founder and a director of Learning Cultures She has taught across both the primary and secondary phases of education and delivers CPD programmes on leadership curriculum planning and embedding coaching into a whole school culture

Transforming Primary Mathematics Mike Askew, 2012-02-07 What is good mathematics teaching What is mathematics teaching good for Who is mathematics teaching for These are just some of the questions addressed in Transforming Primary Mathematics a highly timely new resource for teachers which accessibly sets out the key theories and latest research in primary maths today Underpinned by findings from the largest research programme into primary mathematics funded in recent years it offers a clear practical approach to implementing fundamental change in curriculum classroom environment and teaching styles Written by one of the top experts in mathematics education it offers an inspiring sometimes controversial

and often unconventional look at the subject of mathematics by Endorsing the use of a new mathematics one based on problem solving modelling and inquiry not on abstract rules memorising and regurgitation Arguing that there is more to maths teaching than death by a thousand worksheets Challenging norms such as the practice of sorting children into sets based on their perceived mathematical ability Asking whether this mathematical ability is innate or a result of social practices Upholding the idea that mathematics teaching is an adaptive challenge rather than a technical problem Advocating an environment where teachers are encouraged to take risks Looking at how best to prepare learners for an unknown future Encouraging reflection on teachers own beliefs and values about mathematics Transforming Primary Mathematics is for all primary school teachers who want to make mathematics welcoming engaging inclusive and successful R sum de l diteur

The Primary Curriculum Leader's Handbook Roy Blatchford, 2019-05-22 At a time of renewed focus on the schools curriculum Roy Blatchford has brought together some of the sharpest thinkers in education in a brilliant mixture of both practical and conceptual essays about what makes for a positive primary curriculum 4 11 Perfectly timed to reflect the new Ofsted framework the contributions reflect a range of thinking planning and delivery as schools do it now and will for the future It is a compendium of proven practice offering tips to less experienced adventurous middle and senior leaders Featuring contributions from Katherine Benson Kate Dethridge Koulla Anslow Mary Myatt Aidan Severs Marc Rowland Siobhan Horisk Claire Lotriet Kate Atkins Tim Coulson David Ingham Lilian Bell Sean O'Regan Colin Lofthouse Janine Ryan Simon Knight Penny Slater Getting it Right for Boys ... and Girls Wendy Bradford, Colin Noble, 2002-01-04 Boys underachievement is grabbing headlines in the education debate and it has never been more important to solve the problem This book offers clear and practical strategies to headteachers classroom teachers and other professionals for ways to address the issue The book looks at reasons for boys underachievement ways of adapting teaching styles to maximise learning gains for boys and girls guidance on how to plan successful pyramid whole school and classroom approaches practical strategies for subject leaders and teachers examples of successful case studies After introductory chapters examining whole school issues and strategies there are further subject specific chapters that advise on particular teaching approaches Education Policy Les Bell, Howard Stevenson, 2006-09-27 The study of educational leadership makes little sense unless it is in relation to who the leaders are how they are leading what is being led and with what effect Based on the premise that learning is at the heart of leadership and that leaders themselves should be learners the Leadership for Learning series explores the connections between educational leadership policy curriculum human resources and accountability Each book in the series approaches its subject matter through a three fold structure of process themes and impact Series Editors Clive Dimmock Mark Brundrett and Les Bell As global pressures focus increasing attention on the outcomes of education policy and on their implications for economic prosperity and social citizenship the experience of each individual learner is decisively shaped by the wider policy environment However there is often an underdeveloped

understanding of how education policy is formed what drives it and how it impacts on schools and colleges This book explicitly makes these connections and links them to the wider challenges of educational leadership in a modern context Education Policy is divided into three sections which examine the development of policy at the levels of the nation state and individual institutions the forces that shape policies with emphasis on human capital theory citizenship and social justice and accountability research based case studies highlighting the application of policy in a range of situations The book provides a valuable resource for students practitioners middle managers and educational leaders in all sectors both in the UK and internationally who are engaged on masters and doctoral degrees or undertaking leadership training and preparation programmes *What Pupils Say* Andrew Pollard, Pat Triggs, 2001-01-01 The result of a research project this work an attempt to report on what has actually been happening in our schools answers such questions as what difference have education reforms made to pupils experience in schools and how has recent education policy impacted on children today
