Resources in Education ,1997 Lived Moments Glen W. Norton,2025-01-07 From the everyday concerns of Umberto D to the spiritual traces of *Ma nuit chez Maud* revelatory moments are intrinsic to the fabric of cinematic modernism *Lived Moments* conceptualizes the path from Italian Neorealism to the French New Wave as a trajectory unique in its expressions of the indeterminacy and contingency of daily life Drawing on film theory and criticism as well as the history of phenomenological thought Glen Norton offers illustrative readings of cinematic scenes exemplifying this modernist evolution in canonical films by Vittorio De Sica Roberto Rossellini Michelangelo Antonioni Jean Luc Godard and Eric Rohmer Norton describes how these filmmakers structure their characters lifeworlds via moments grounded by chance and multiplicity each having the potential to lift the opaque veil of inwardness

Experienced in their immediacy these moments offer the viewer glimpses of a character's potential individuation. As such they embody the difficult private and perhaps even incommunicable choices made in the midst of self-reflection, self-awareness and self-definition. *Lived Moments* deepens our understanding of the history of cinematic modernism, throwing new light on the canonical movements of Neorealism and the New Wave while also demonstrating the importance of lived moments for cinema more broadly. The book stands as a model of how film analysis and film philosophy can be symbiotic rather than separate ways of thinking about cinematic experience.

Dennis Kelly Aloysia Rousseau, 2024-08-01 *Dennis Kelly* explores Kelly's unusual career path and sheds light on his eclectic approach to the arts, characterised by a refusal to write texts that people can fit within neat categories. This is the first monograph on Kelly's work for stage and screen and brings to light his essential contribution to contemporary British drama and his huge range of work, including his rise to international fame with *Matilda the Musical*. Drawing on Kelly's published and unpublished texts, his work in production, reviews, original interviews with directors, actors and with Kelly himself, as well as critical theory, Dennis Kelly examines and reappraises key motifs in his work, such as his preoccupation with violence, the complex relationship between the individual and the community or his emphasis on storytelling. It also offers new insights into overlooked aspects of Kelly's work by setting out to explore his traumatic narratives and his post-romanticism. In keeping with Kelly's wish never

to repeat himself this study offers multiple critical entries into his plays television series and films drawing on moral and political philosophy trauma studies studies in humour feminist theory and film studies Part of the Routledge Modern and Contemporary Dramatist series Dennis Kelly is addressed to students and scholars in Drama Theatre and Performance as well as theatre practitioners and offers in depth analysis of one of the most unique and challenging voices in contemporary British playwriting and screenwriting **Australian Film** Brian Reis,1997 Contains entries many with descriptive annotations on books book chapters periodical articles government reports academic theses films videos and audio recordings published in Australia and elsewhere from 1988 to the early and mid 1990s Works cited embrace all aspects of Australian film considered as art industry and sociological phenomenon except extremely technical aspects of filmmaking Categories include film archives and libraries production super 8mm film government and film history and criticism ethnographic film biographies and film criticism and reviews Includes author book title and film title indices Distributed by Books International Annotation copyrighted by Book News Inc Portland OR
