**Reading Japanese Haikai Poetry** Herbert H. Jonsson, 2015-12-22 In Reading Japanese Haikai Poetry Herbert Jonsson makes an inquiry into the multitude ways in which Japanese linked haikai poetry has been read and understood A number of poems composed by the eighteenth century master Yosa Buson are analyzed in great detail Although closely related to the popular haiku haikai is often regarded as difficult for non specialists but this study offers the reader a wealth of explanations displaying the varied perspectives available The first part of the book consists of a thorough investigation of how these poems have been interpreted in the Japanese commentary tradition The second concluding part offers an innovative study of the poetics of scent nioizuke essential for understanding the creative force of this poetry

**Writing and Reading Byzantine Secular Poetry, 1025-1081** Floris Bernard, 2014-07-17 In the mid eleventh century secular Byzantine poetry attained a hitherto unseen degree of wit vividness and personal involvement chiefly exemplified in the poetry of Christophoros Mitylenaios Ioannes Maupous and Michael Psellos This is the first volume to consider this poetic activity as a whole critically reconsidering modern assumptions about Byzantine poetry and focusing on Byzantine conceptions of the role of poetry in society By providing a detailed account of the various media through which poetry was presented to its readers and by tracing the initial circulation of poems this volume takes an interest in the Byzantine reader and his/her reading habits and strategies allowing aspects of performance and visual representation rarely addressed to come to the fore It also examines the social interests that motivated the composition of poetry establishing a connection with the extraordinary social mobility of the time Self representative strategies are analyzed against the background of an unstable elite struggling to find moral justification which allows the study to raise the question of patronage examine the discourse used by poets to secure material rewards and explain the social dynamics of dedicatory epigrams Finally gift exchange is explored as a medium that underlines the value of poetry and confirms the exclusive nature of intellectual friendship

Reading Thomas Hardy: Selected Poems Neil Wenborn, 2012-01-01 Thomas Hardy is unique in English literature as a major novelist who is also a major poet His collected poetry is among the most distinctive bodies of verse in the language and includes such pinnacles of the lyric tradition as The Darkling Thrush and the series of haunted love elegies written in memory of his first wife Emma and such instantly recognizable titles as Drummer Hodge A Trampwoman's Tragedy Convergence of the Twain It is also among the most controversial Ever since his poetry first appeared in the collection Wessex Poems in 1898 readers and critics alike have stumbled over its awkwardnesses or been seduced by its idiosyncratic music have celebrated its unprecedented formal inventiveness or deplored its perceived lack of ambition It has been

variously read as an archetype of the Victorian intellectual odyssey as the work of a proto modernist and as the fountainhead of contemporary British verse At once traditional and modern the acme of artifice and a conduit of intense emotion it remains a critical enigma This exemplary study guide seeks to set Hardy s poetry in the context of his life times and literary heritage and to understand through a close reading of selected poems both the challenge it offers to criticism and the elusive power it continues to exert over each new generation of readers All his collections are introduced including Wessex Poems Poems of the Past and Present Time s Laughingstocks Satires of Circumstance Moments of Vision Late Lyrics and Earlier Human Shows and Winter Words

**Manifest in Words, Written on Paper** Christopher M.B. Nugent,2020-10-26 This study aims to engage the textual realities of medieval literature by shedding light on the material lives of poems during the Tang from their initial oral or written instantiation through their often lengthy and twisted paths of circulation Tang poems exist today in stable written forms assumed to reflect their creators original intent Yet Tang poetic culture was based on hand copied manuscripts and oral performance We have almost no access to this poetry as it was experienced by contemporaries This is no trivial matter the author argues If we do not understand how Tang people composed experienced and transmitted this poetry we miss something fundamental about the roles of memory and copying in the circulation of poetry as well as readers dynamic participation in the creation of texts We learn something different about poems when we examine them not as literary works transcending any particular physical form but as objects with distinct

physical attributes visual and sonic The attitudes of the Tang audience toward the stability of texts matter as well Understanding Tang poetry requires acknowledging that Tang literary culture accepted the conscious revision of these works by authors readers and transmitters 2012 Joseph Levenson Book Prize Pre 1900 Category China and Inner Asia Council of the Association for Asian Studies *Farewell Planning With Love* Linda McDonald,2021-09-21 Farewell Planning with Love is an easy to follow prescription on the subject of final wishes This publication covers essential education and preparation to understanding everything you need to know to make your final wishes known to those you love helping them make final decisions at a time filled with pain and sorrow Linda wrote Farewell Planning with Love Protecting Those We Leave Behind to provide a frankly captivating easy to understand set of guidelines and definitions for virtually everything related to end of life planning from funeral and cemetery arrangements to an extensive library of informational templates to be completed in advance of death which makes this book so unique Not only do you learn in detail everything you need to know about planning your last wishes but the workbook section allows you to fill in the blanks on the sections that pertain to your specific needs Be sure to let someone know where your book of final wishes is Make sure not to keep it in a safe deposit box or it may not be found in a timely manner *Denise Levertov* Dana Greene,2012-09-14 Levertov was the quintessential romantic She wanted to live vividly intensely passionately and on a grand scale Once she acclimated herself to America the dreamy lyric poetry of her early years gave way to the joy and wonder of ordinary life By the late 1960s and early 1970s however her poems began to engage the issues of her times The crystalline and luminous poetry of her last years stands as final witness to a lifetime of searching for the mystery embedded in life itself This volume represents the first attempt to set Levertov s poetry within the framework of her often tumultuous life **Reading Houses and Building Books** Adam W.

Sweeting,1996 Portrays an author architect and landscape architect who greatly influenced antebellum American culture *Dear Memory* Victoria Chang,2021-10-10 Award winning poet Victoria Chang s Dear Memory is a collection of literary letters and mementos on the art of remembering across generations For Victoria Chang memory isn t something that blooms but something that bleeds internally It is willed summoned and dragged to the surface The remembrances in this collection of letters are founded in the fragments of stories her mother shared reluctantly and the silences of her father who first would not and then could not share more They are whittled and sculpted from an archive of family relics a marriage license a letter a visa petition a photograph And just as often they are built on the questions that can no longer be answered Dear Memory is not a transcription but a process of simultaneously shaping and being shaped knowing that when a writer dips their pen into history what emerges is poetry In carefully crafted missives on trauma and loss on being American and Chinese Victoria Chang shows how grief can ignite a longing to know yourself In letters to family past teachers and fellow poets as the imagination Dear Memory offers a model for what it looks like to find ourselves in our histories Chang s work is excavation a digging through the muck of society for an existential clarity a cultural clarity and a general clarity of self New York Times
