White Terror Jamie Bisher,2006-01-16 This is the gripping story of a forgotten Russia in turmoil when the line between government and organized crime blurred into a chaotic continuum of kleptocracy vengeance and sadism It tells the tale of how in the last days of 1917 a fugitive Cossack captain brashly led seven cohorts into a mutinous garrison at Manchuli a squalid bordertown on Russia s frontier with Manchuria The garrison had gone Red revolted against its officers and become a dangerous ill disciplined mob Nevertheless Cossack Captain Grigori Semionov cleverly harangued the garrison into laying

down its arms and boarding a train that carried it back into the Bolsheviks' tenuous territory. Through such bold action Semionov and a handful of young Cossack brethren established themselves as the warlords of Eastern Siberia and Russia's Pacific maritime provinces during the next bloody year. Like inland pirates they menaced the Trans-Siberian Railroad with fleets of armoured trains, Cossack cavalry mercenaries and press-gang cannon fodder. They undermined Admiral Kolchak's White armies ruthlessly liquidated all Reds, terrorized the population sold out to the Japanese and antagonized the American Expeditionary Force and Czech Legion in a frenzied orchestration of the Russian Empire's gotterdammerung. Historians have long recognized that Ataman Semionov and Company were a nasty lot. This book details precisely how nasty they were.

Warlords and Muslims in Chinese Central Asia Andrew D. W. Forbes, 1986-10-09. This book provides a detailed study of Sinkiang, China's largest province and of great strategic importance on the Russian border during the Warlord and Kuomintang Eras. It is an analysis of the internal warlord and Islamic politics of Sinkiang as well as to take account of great power interests in this region during a period in which it was essentially a Han Chinese colony in the heart of Central Asia. The study is of relevance not only to the history of twentieth century China but also to the politics of Islamic reassertion in Central Asia, to the development of the Soviet Union as an imperial power in the Tsarist Russian mould, to an understanding of the cultural and political aspirations of China's national minorities and should serve in a world preoccupied with Western colonialism and imperialism as a reminder that colonialism and imperialism was not and is not an exclusively European preserve.

UFOs and Anti-Gravity Leonard G. Cramp, 1997-03. Long out of print, Cramp's 1966 classic book on flying saucer propulsion and suppressed technology is available again. Cramp wrote *Space Gravity and the Flying Saucer* in 1954 and was Vice President of the British UFO Research Association (BUFORA). This is a highly technical look at the UFO phenomenon by a trained scientist. Cramp first introduces the idea of anti-gravity and introduces us to the various theories of gravitation. He then examines the technology necessary to build a flying saucer and examines in great detail the technical aspects of such a craft. Cramp's book is a wealth of material and diagrams on flying saucers, anti-gravity, suppressed technology, G fields and UFOs.
