**Biblical Mentoring** Mentoring is currently trendy among pastors. In spite of the hype it is occupying nowadays in leadership conferences, it is but a contemporizing of discipleship concept. It is rather a more trendy word for a more Biblical term "discipleship".

In Megginson's word (The Mentoring Manual), he defined "mentoring" as "providing guidance, support and practical help through life crisis or into new stages of development." It seems that, with the word, comes a new meaning or new approach in nurturing would-be leaders (Eims,1978).We assume struggles against our weaknesses as part of a Christian's life. Mentoring anticipates these weaknesses even in leaders; only, in current-day mentoring, the leaders are presumed to be having struggles with sins that are most common with newly converted Christians (Neighbor, 1990).

.It is accepted that leaders are the same as non-believers in desires and passions. Examples such as young people having problems like drug-abuse, teenage pregnancy, bullying or peer pressure, and even premarital sex are talked about in these conferences. Though one cannot deny the fact that these are all realities that even leaders could be facing, still the expectation in a spiritual leader is that he is not living in these sins deliberately while exercising his spiritual leadership (Neighbor, 1990).

Many seminar-workshops regarding mentoring contain assumptions that leaders lead a double life. Their conduct in public is different from their private lives which they live in totally opposite nature. Many examples are taken from the Bible to support the idea of mentoring. Examples such as David and Solomon, Elijah and Elisha, Moses and Joshua, Jesus and His disciples as well as Paul and Timothy are all used to buttress the teaching.

The following sample diagram shows the recent use of many national leaders in the effort to implement the mentoring concept in evangelical circles.

5 Tracks to Guide Pastors and Evangelists as They Implement the Ministry of Mentoring(Source: Evangelism Explosion Level 2- Training retreat)Biblical Idea of MentoringWe can be liberal in applying different terminology as we approach the work of discipleship provided we do not lose its essence in the process. How should we strike this balance of relevance and integrity as we champion this cause initiated by biblical heroes?The best way to do this is probably to apply proper interpretation of the Word of God to what we try to achieve. For example, though Moses and Joshua showed some weaknesses in character, we cannot find in recorded Scripture that either one of them were secretly engaged in gross sinful practices.

Moses may have had some problems in his leadership approach that his father in law had to intervene and teach him some strategies to be more effective in how to execute his leaders

**Coaching and Mentoring** Bob Garvey, Paul Stokes, David Megginson, 2008-11-18 Coaching and mentoring are fast becoming essential aspects of modern managerial practice. With this growth comes an increasing number of students embarking on mentoring and coaching courses. The authors, well respected and trusted scholars in the field, provide an authoritative text with a comprehensive overview and critical grounding in the key concepts, models and research studies in coaching and mentoring and answer important questions such as: What does coaching and mentoring involve? What is its value? and How can the added value of mentoring and coaching be demonstrated? Examples are drawn from a variety of sectors including private businesses, public and voluntary organizations and schools. Contemporary debates are explained and chapters include features such as case studies, research questions and helpful tips to support the reader. To gain a wider perspective, there is a chapter which provides critical comment on the state of the art in the US, while the final chapter offers the first attempt at developing a unified theory of coaching and mentoring by drawing on their respective antecedents. 55

**Leadership in Academic Libraries Today** Bradford Lee Eden, Jody Condit Fagan, 2014-03-14 Leadership in Academic Libraries highlights model examples of the move from leadership theory into actual practice. A consideration of leadership theories provides a working vocabulary to facilitate discussions of abstract concepts, while specific topical investigations and case studies illustrate those concepts and show the manner in which theories play out in practice. Chapter authors speak from experience as well as theoretical grounding and include practitioners, researchers and formal and informal leaders. Topics include transformational leadership across generations, developing a research agenda in library leadership, methodologies for studying library leadership, connections between leadership models and library-focused research, engaging with business psychology and educational administration literature, leadership styles, organizational culture, the role of mentoring in leadership and the role of women in academic library leadership. Two chapters highlight the dichotomy between positional

leadership and socially constructed leadership roles The research methods used include case study survey and action research Extensive bibliographies for each chapter provide a solid foundation for further research *Human Capital 2002* Mark A.
