Muk Private Entry Points 2015 16:

African Cities and the Development Conundrum Carole Ammann, Till Förster, 2018-10-16 This 10th thematic volume of International Development Policy presents a collection of articles exploring some of the complex development challenges associated with Africa's recent but extremely rapid pace of urbanisation that challenges still predominant but misleading images of Africa as a rural continent. Analysing urban settings through the diverse experiences and perspectives of inhabitants and stakeholders in cities across the continent, the authors consider the evolution of international development policy responses amidst the unique historical, social, economic and political contexts of Africa's urban development. Contributors include Carole Ammann, Claudia Baez Camargo, Claire B. Gbaffou, Karen B. Scher, Aba O. Ogburn, Crentsil Sascha, Delz Ton Dietz, Till Förster, Lucy Koechlin, Lalli Metsola, Garth Myers, George Owusu, Edgar Pieterse, Sebastian Prothmann, Warren Smit, and Florian Stoll. *Performing Trauma in Central Africa* Laura Edmondson, 2018-03-26 What are the stakes of cultural production in a time of war? How is artistic expression prone to manipulation by the state and international humanitarian organizations? In the charged political terrain of post-genocide Rwanda, post-civil war Uganda, and recent violence in the Democratic Republic of Congo, Laura Edmondson explores performance through the lens of empire. Instead of celebrating theatre productions as expression of cultural agency and resilience, Edmondson traces their humanitarian imperatives to a place where global narratives of violence take precedence over local traditions and audiences. Working at the intersection of performance and trauma, Edmondson reveals how artists and cultural workers manipulate narratives in the shadow of empire and how empire in turn infiltrates creative capacities. *Public Investment Plan*, 2016

Supporting Entrepreneurship and Innovation Janet Crum, Samantha Schmehl Hines, 2019-04-29 Libraries have recently begun doing more to support entrepreneurship and innovation within their communities.
