**Salvation As a Mechanical Process** Richard E. Davies,2020-02-14 Christians have been taught that Jesus died on the cross to pay a fine or ransom to expiate or atone for our sins Furthermore they have been taught that the death of Jesus is the only way individuals can receive eternal salvation In general this notion is called the doctrine of blood atonement or penal substitution or some similar name One reason for this teaching is that the development of Newtonian mechanics has led us to believe that God s laws of salvation must be as easy to understand as the seventeenth and eighteenth

century laws of our physical world This book demonstrates that there are alternatives for understanding Jesus execution that are consistent with the twentieth and twenty first century understanding of our physical world In fact the early Christian writers including the Bible itself described these alternatives Sacrifice was only one form of the early Christian narrative explaining the death of Jesus Although blood atonement was understandable in ancient Roman culture it is not understandable in our culture The inevitable conclusion is that we should abandon blood atonement and develop one of the alternative ways of understanding the cosmic significance of Jesus execution *Jean-Francois Lyotard* Jean-Francois Lyotard,2020-05-14 Jean Fran ois Lyotard 1924 1998 was one of the most important French philosophers of the Twentieth Century His impact has been felt across many disciplines sociology cultural studies art theory and politics This volume presents a diverse selection of interviews conversations and debates which relate to the five decades of his working life both as a political militant experimental philosopher and teacher Including hard to find interviews and previously untranslated material this is the first time that interviews with Lyotard have been presented as a collection Key concepts from Lyotard s thought the differend the postmodern the immaterial are debated and discussed across different time periods prompted by specific contexts and provocations In addition there are debates with other thinkers including Emmanuel Levinas and Jacques Derrida which may be less familiar to an Anglophone audience These debates and interviews help to contextualise Lyotard highlighting the importance of Marx Freud Kant and Wittgenstein in addition to the Jewish thought which accompanies the questions of silence justice and presence that pervades Lyotard s thinking **Understanding World**
