Wave Principle Robert R. Prechter, 2018-08-27 A Great Classic for Three Decades Now In Its 10th Edition Consider What This Definitive Text Offers You Take a moment to look over your books about investing Have any of them given you a successful method for making profits and reducing risks Is there even one such book that has proven reliable over the years Alas most investors would say no That s because so few investment books are classic in the true sense For years investors keep buying the book and they keep using the method to make the most of their opportunities Three decades years ago 1978 is one of the last times an investment book was written that is worthy of being called classic One of the two men who authored that book was a 26 year old market analyst working at Merrill Lynch s headquarters on Wall Street The young man had earned a lot of attention in a short time by using a forecasting tool that almost no one had heard of Yet his market forecasts were startlingly accurate Robert Prechter was the young man s name and he used a method called the Elliott Wave Principle A J Frost was one of the few other financial professionals who used the Wave Principle In a distinguished 20 year career Frost had likewise made many astonishingly accurate forecasts His colleagues regarded him as the consummate technical analyst Frost and Prechter met in May of 1977 and became fast friends Eighteen months later they published Elliott Wave Principle Key to Market Behavior The Dow Industrials stood at 790 But the brash forecast in this new book called for a Great Bull Market It became a runaway best seller Three decades is enough time for investors to deem a book about an investment method as classic and surely the jury is in on this one Elliott Wave Principle is now published in seven languages and continues to sell thousands of copies every year In Europe Asia and the Americas literally millions of investors worldwide use or recognize the Elliott Wave method for profitable investing Elliott Wave International is proud to present the 10th edition of this investment classic It s designed to help the Elliott Wave novice and the veteran practitioner It s time to consider what this definitive text offers you Here s a sample of what you ll learn The basic tenets of Wave Theory You ll read simple explanations of the terms and how to identify all 13 waves that can occur in the movement of stock market averages The rules and guidelines of Wave analysis You ll learn the basics of counting waves how to recognize the right look of a wave plus lots of simple steps for applying the rules The scientific background of the Wave Principle How you can see it in nature and the universe in art and mathematics even in the shape of the human body Long term waves You ll see how the Wave Principle gives history greater meaning from the fall of the Roman Empire through the Middle Ages into the financial upheavals of the 20th Century Understanding these monumental trends will help you position yourself for long term profit and protection Stocks commodities and gold The Wave Principle is your guide to the movements of any financial market Few pleasures can match the exhilaration you ll feel when a Wave Principle forecast has you in the market when it moves up or takes you out just before it moves down Obviously Elliott Wave Principle Key to Market Behavior is the perfect companion to Bob Prechter s Elliott Wave Theorist publication The book is essential reading for you to receive the most from what the Theorist says every month in fact all of EWI s publications continually reference this book **Applying Elliott Wave** Robert Phillips, 2017-06-26

Applying Elliott Wave From Theory to Reality comes from the author's practical experience in using Elliott Wave for a long time. Although Elliott Wave is not an absolutely miraculous tool in the Technical analysis but in the author's opinion it is definitely an indispensable tool for a successful technical analyst. Elliott Wave is considered as one of the best tools not only in identifying the current market trend but also in forecasting for long term or short term trends therefore it may be helpful for investors in answering following questions:

- 1 Should I invest in this stock right now?
- 2 If investing is the potential risk acceptable and then investors are able to decide a reasonable amount of capital to put in the future trade.

Furthermore Elliott Wave chart is able to aware investors as their investments step in wrong situation and also points appropriate stop loss. This does not mean that you should use only Elliott Wave Theory and ignore all traditional methods of technical analysis. To some extent an investor cannot approach Elliott Wave without basic methods of the classic technical analysis. In other words traditional technical analysis methods are the foundation to understand and master Elliott Wave. Also after using Elliott Wave to determine a stock price trend in some cases investors need to ask traditional technical analysis tools for appropriate time to enter the trade. This book presents not only the basics but also a thorough analysis not only theories but also practical lessons with the purpose of introducing not only the most basic knowledge of Elliott Wave but also the way to put it into practice. The author hopes that this will be a handbook of investors in markets of securities, currencies and commodities. However Elliott Wave is a complicated tool so readers absorb this knowledge more or less depending much on each person's ability and effort. It is similar to learning Piano although a piano instructor teaches the same lessons his/her learners are good or bad due to each person's ability and effort. Since the book's purpose is to share personal experiences the author will only analyze what he finds the most effective in his view and just present basic knowledge for what are not really useful such as Fibonacci Channel. However this view can be wrong or is different to other author's opinion. Therefore readers should find other books which also presenting Elliott Wave to reach a multiple perspectives about the problem and ultimately draw your own the most useful knowledge. The author does not tend to prolong the book he will present the knowledge in the most concise and understandable way. Therefore every sentence has its own meaning readers should not skim any part. **THIS BOOK FOCUSES ON ALL YOU NEED TO KNOW ABOUT ELLIOTT WAVE**
