Abstract

The second is a paragraph that uses word families. The grammar is repeated three times using different structures for practice. These paragraphs are done at one-year repeating intervals: students generally substitute for each word family a family of words on their list. The third paragraph repeats in its second form a previous student's work, and students, in writing a letter, may reuse the letters. The last is a paragraph that uses families of a letter family as the framework. It is especially designed so that students are strongly encouraged to give autobiographical self-references to the parts. Examples of structural content and letter families across grades are provided. Appendix B provides an illustration of the format that letters take, and the grammar on the standard format.
