to why we might expect a mandatory FAFSA policy to improve college enrollment rates I find positive impacts on college enrollment among schools who had the lowest pre policy FAFSA completion rates when compared to schools with the highest pre policy completion rates However these positive results appear to be driven by schools with lower proportions of low income students and students of color I find that racial and socioeconomic inequities in college enrollment were maintained or increased into the post policy period Collectively these papers add to the literature on financial aid and the FAFSA by highlighting the important role of school contexts and identifying local state and federal actions that can bolster FAFSA completion and financial aid access **Filing the FAFSA, 2015-2016 Edition** Mark Kantrowitz,David Levy,2014-12-16
