Rondo Soccer Drills Chest Dugger, 2021-06-12 Have you wondered how Pep Guardiola s teams have dominated European leagues for the last two decades Not only is the answer simple it s something that you can use to take your game and your team s game leagues above your opposition The key to Pep s success at Barcelona and Manchester City is the Rondo Rondos have transformed modern football Not only have Rondos helped Pep dominate European football they ve helped turn the Spanish national team into the best in the world The system behind Rondos was the beating heart of the brilliant Barcelona teams which dominated Europe for a decade from 2005 They made soccer even more exciting to watch improving players technical ability and creating a proper total football in the European sense game Their approach was reminiscent of the fantastic Ajax team of the 1970s and the great Dutch teams of that era They led to the excitement of the high press and the thrilling soccer which follows when the press is defeated They proved the benefit of technique over physical prowess So what is this miracle of the training pitch which has so transformed the game of soccer The beauty of the rondo is its simplicity It is a drill where the objective is to retain possession As rondo drills become more complex this aim might develop It might be about keeping possession in transition or maintaining possession to create a goal scoring opportunity However at its heart is the objective of one side keeping hold of the ball A second key element of a rondo is that the sides are uneven One team has extra players It can take a form as exaggerated as 10 v 1 or as close as 5 v 4 However the point is that some pressure is applied but not so much as to make the drill difficult to perfect Thus confidence grows and in turn touch and vision A rondo is usually a drill that takes place in a limited space typically a circle square or rectangular grid Thus first and second touches are perfected because there is not

much time to take many touches Finally and crucially rondos are drills that are fast and fun They involve lots of touches for the players in possession and a real sense of achievement on the rare occasions that the smaller side actually wins back the ball So simple Yet so effective This coaching book celebrates the rondo and offers drills tactics and coaching techniques to help soccer players at any level from the unbounded enthusiasm of Under 6s to the worldly view of veteran teams From the pub side who turn out on a Sunday morning cooked breakfast weighing heavily on their hangover infused stomachs to the champion youth team of the region We can all improve as coaches and players The rondo is the system that enables progress to happen more quickly and efficiently than any other soccer coaching strategy Even if you haven't heard of Rondos before you'll gain a lot from this book Order Now [Diego Simeone Attacking Tactics - Tactical Analysis and Sessions from Atlético Madrid's 4-4-2](#) Athanasios Terzis, 2020-07-09 This book provides a full tactical analysis of Diego Simeone's 4 4 2 Attacking Tactics 73 Tactical Situations for you the coach to learn from one of the best coaches in the world Learn how to Attack and Counter Attack from one of the best coaches in the world with 64 Practices Variations based on 73 Tactical Situations from Atlético Madrid's 4 4 2 Athanasios Terzis is a UEFA A Licence Coach and has used this analysis of Atlético Madrid's tactics to produce 64 Practices and Variations You can use these ready made sessions to practice Diego Simeone's attacking tactics and implement them into your training sessions Atlético Madrid's success during Diego Simeone's reign has been built with a winning culture of commitment passion aggressiveness and commitment and a winning game plan based on excellent tactical organisation With a fraction of the budget of their rivals Real Madrid and Barcelona they have consistently been one of the toughest teams to play against in the whole of Europe Diego Simeone's Atlético Madrid era has produced extremely efficient attacking play and they have had great success in scoring goals with intelligent attacking patterns of play and a counter attacking style Diego Simeone's Atlético Madrid have used these attacking tactics to achieve great success when competing against teams with far greater resources These are some examples of their incredible success against all odds La Liga Winners 2014 UEFA Champions League Runners up 2014 2016 UEFA Europa League Winners 2012 2014 UEFA Super Cup Winners 2012 2018 Copa Del Rey 2013 Tactical Analysis and Session Practice Topic Examples Dragging the Centre Back Out of Position to Create and Exploit Space Synchronised Movements of the Full Back and Wide Midfielder Creating an Overload and Attacking Through the Centre Making a Run on Blind Side of Defender to Receive a Long Pass in Behind Counter Attack After Winning the Ball in the Centre Direct Threat Practice Examples Forward Exploits Space Behind Full Back in a Technical Practice with Finish Options for Full Back Receiving High Up the Pitch in a Functional Practice Forward Drops Back to Receive or Create Space in Behind in a Small Sided Game Counter Attack with a Closed Ball Situation in a Dynamic Conditioned Game Exploiting Width During a Counter Attack in a Dynamic Conditioned Game **Pep Guardiola - 85 Passing, Rondos, Possession Games & Technical Circuits Direct from Pep's Training Sessions** Soccertutor Com, 2019-09-20 After the hugely popular Volume 1 Volume 2 gives you another rare opportunity into Pep Guardiola's
