Model and colour codes are located under the pillion seat. You will need this information when ordering body panels, decals or parts that include a colour code (ie 64110KY2710 ZA, where ZA is the colour code.)

Each slide shows an expanded view of a parts section (ie Head Cover). Each individual part is labelled with a reference number that corresponds to the parts table below the diagram. The columns in the diagram refer to: the label reference, the part number, description in Japanese (don't worry about this as the Find a Part page automatically converts the Japanese description to English for you when you enter the part number.) The trade price in Yen in 1997 (now irrelevant due to fx, duty and inflation.), the specific model that the part fits and the quantity of the part found on the bike, and frame number references for parts that changed mid-way through production (and in some case model group codes.) This slide series contains 53 separate views broken into 6 sub-sections (thumbnails) and covers over 1,350 individual parts.
