The Unconditionals Andy Crocker, 2025-05-20

Five core values can help us live more fulfilled and successful lives no matter what's happening around us. After spending five years leading a team competing against Elon Musk and Jeff Bezos to return humans to the Moon, a once-in-a-lifetime opportunity that ended in heartbreak, aerospace engineer Andy Crocker found himself searching for what truly matters. That loss, coupled with the realization that his kids were nearly grown, sparked a desire to pass on the values he believes are essential for living a meaningful life. The Unconditionals is the result, a framework grounded in timeless principles to help anyone pursue personal fulfillment and well-being. The Unconditionals introduces five core values: love, gratitude, integrity, accountability, and endeavor, as essential for personal fulfillment and growth. Combining timeless wisdom, scientific findings, and inspiring real-life examples, it illustrates how embracing these values unconditionally can transform our lives. More than a collection of quick fixes, it guides us to overcome self-limiting beliefs, cultivate resilience, and achieve our full potential. It teaches that who we are matters more than what we achieve and provides a clear, inspiring roadmap for living a meaningful, purposeful life. Whether you're seeking clarity, resilience, or a deeper sense of fulfillment, The Unconditionals is a roadmap to becoming who you're meant to be and a guide to passing those values on to those who matter most. You can make Unconditional your superpower.

General Andrew J. Goodpaster, 1915-2005, was a brilliant military leader, a scholar, and most of all, an exceptional presidential adviser who served under seven successive administrations. A respected strategist, he participated at the highest levels of government in many of the most important decisions of the second half of the twentieth century.
