### Question 1: Synthesis Essay

**Directions:** The following prompt is based on the accompanying sources.

This question requires you to synthesize a variety of sources into a coherent, well-written essay. Synthesis refers to combining the sources and your position to form a cohesive, supported argument and accurately citing sources. *Your argument should be central; the sources should support this argument. Avoid merely summarizing sources.*

Remember to attribute both direct and indirect citations.

#### Introduction

The concept of “home” is fundamental to our understanding of who we are, as individuals and as a society. Some argue that our physical location is what dictates “home,” and we should actively foster geographic continuity and a sense of “place.” Others argue that “home” is, rather, a state of mind, and that we are better served when we move and migrate to situations that are more advantageous to us and our families.

#### Assignment

Read the following sources (including the introductory information) carefully. **Then, write an essay in which you develop a position on whether it is more advantageous (for the individual and/or the community) to physically relocate frequently or to remain for long periods in one place.**

You may refer to the sources by their titles (Source A, Source B, etc.) or by the descriptions in parentheses.

Source A (Sanders)

Source B (Homeward)

Source C (The Great Migration Map)

Source D (Motley)

Source E (Rogers and Brooks)
