We Climbed Every Mountain Bonnie Peterson, 2011-08-31 Don at a time when little was known about this condition Don spent the first 14 years of his life in and out of hospitals undergoing surgeries the medical profession thought might correct his deformities Bonnie progressed through the public school system with her own set of challenges since public education for the disabled was not a common occurrence during the 50s and 60s Don and Bonnie both went on to college A mutual friend insisted they meet each other and two years later they were married Don worked as a tax examiner for I R S for 30 years and Bonnie started a secretarial service to help with the family income They raised two fine boys and now enjoy the blessings of 9 grandchildren Even though cerebral palsy is not a progressive condition Don s physical condition deteriorate over the last 15 20 years of his life till by the time he passed away December 2011 he was unable to do anything for himself he was fed through a feeding tube was on oxygen 24 hours a day and had a tracheotomy for suctioning Bonnie did most all of Don s care up until about a year before his death when the 24 7 schedule became more than any one person could do But together they climbed and conquered every mountain

Mountain Road Hoover Liddell, 2011-12-20 In traversing the earth and living with the wilderness from Africa to the California Sierras author Hoover Liddell came to realize the great energy of youth as we struggle to educate our planet and ourselves Mountain Road is his journey of life and travel through the planet s cities and towns as well as his time in San Francisco and living inside its schools From a mountain road out of Africa humankind continues its journey into a timeless universe Human freedom is not dwelling in the past or the future but in the remarkableness and freshness of the present where the adventure is His journey from the Nigerian rainforests and desert across Africa through the Serengeti plains and the mountain road of Kilimanjaro takes him to the mountains of the Sierras In his expeditions he discovers moments of vibrant energy and days of staying alive that are more profound than all the years of teaching in the schools He finds the wilderness empowers us to find our own way and deepens our capabilities as we educate ourselves and the earth Of what meaning is school or life itself if we are not serious and motivated for the adventure to educate the planet
