**Ruy Blas** Victor Hugo, 2018 Ruy Blas has held the stage better than any other of his dramas and has been popular in America Here Hugo s dramatic theory of contrast of grave and gay rapid alternation of tragic and grotesque is pushed to its utmost verge The scene is Madrid the time 1699 Don Salluste de Bazan scorned by Maria de Neubourg second wife of the do nothing King Charles II plots revenge Failing to enlist the aid of his scapegrace but chivalrous cousin Don C sar he introduces his valet Ruy Blas to the queen and through her sympathetic interest gains official preferment which he uses for political and fiscal reform The queen and Ruy Blas are betrayed into a compromising situation by Don Salluste who when Don C sar threatens to balk his revenge ruthlessly sacrifices his cousin to his injured vanity Ruy Blas kills Don Salluste and then himself consoled that his death has extorted from the queen an admission that love has overcome all prejudice of rank or station **Les Hommes de Demain; Heptalogie** Marcel Barriere, 1911 OEuvres Complètes de H. de Balzac Honoré de Balzac, 1877

**ARISTOCRACIES AND PROPAGANDA** Sorin Grigoruta, 2023-09-26 The outcome of a scientific conference organized in November 2021 this volume aims to provide a picture of how the aristocratic political class of France and Moldavia sought to challenge monarchical power and how the latter tried to reassert itself in face of this turbulent nobility in the context of the endemic civil wars that plagued both countries during the chosen period For this purpose this volume tries to analyze both the ideological issues involved in these endemic struggles as they appear in the propaganda of the period and the practical aspects and consequences political intrigues or military developments of the conflictual relationship between the rulers of these countries and their discontented nobles Divided into two sections one dedicated to the case of France during the Wars of Religion the other to Moldavia from the beginning of the sixteenth century to the end of the seventeenth century this volume is also the result of a collaborative work between French and Romanian academics who thus tried to bridge what seemed like a large geographical gap in order to benefit from different perspectives and thus gain a better insight into different but maybe not so different models of early modern European political cultures In the end despite the distance between them in early modern France and Moldavia to effectively challenge the authority of the king or prince one had to take up arms and the nobility who imagined itself first and foremost as a military order did exactly that But there is more to

this clash between ruler and rebels than a mere contest of military strength Despite the apparent political and cultural differences between early modern France and Moldavia there is one common feature that influenced the behaviour of the rebels in both countries the need for a justification of the revolt Since the rebels operated in a political environment where the king or the prince was the source of all legitimacy in particular the nobility was beholden to the traditional aristocratic ethos of loyalty towards the ruler and this common mentality of politics shaped the actions of the ruling class they had to persuade the public opinion domestic or international of the righteousness of their cause

authority in the Early Church and the sources from which it was drawn This is seen in political terms as in the writings of Justin Martyr as well as spiritual ones Charles Munier singles out Tertullian as the first to formulate a doctrine of apostolic succession but also traces his subsequent path towards the affirmation of the authority of the Holy Spirit over that embodied in the Orthodox Church The following studies turn to a complementary area of ecclesiology that of pastoral care The author

points to the great diversity of forms of worship and rite from the earliest days of the Church these he argues reflect a constant process of adaptation to fit particular religious needs and to understand such divergences it is necessary to investigate the theological motives that lay behind them Particular topics here are those of baptism and marriage especially the still controversial question of how and with what discretion to treat divorce and remarriage La premi re s rie d articles de cette collection examine la nature et la source de l autorit des v ques de l Eglise primitive Ceci est abord en termes politiques au travers d tude sur Justin le Martyr ainsi qu en termes spirituels Charles Munier tout en reconnaissant Tertullien pour avoir t le premier formuler la doctrine de la succession apostolique retrace aussi la voie parcourue ult rieurement par ce dernier vers l affirmation de la supr macie de l autorit du Saint Esprit sur celle r present e par l Eglise orthodoxe Les tudes suivantes se tourent vers un domaine compl mentaire de l eccl siologie celui de la sollicitude pastorale L auteur souligne la grande diversitie de liturgies et de rites qui ont toujours eu cours au sien de l Eglise selon lui on voit l le reflet d un processus d adaptation constant destin a r pondre des besoins
