3. If an extension cord is used, the marked electrical rating of the extension cord must be at least 10 amps and 120 volts. The resulting extension cord must be arranged so that it will not drape over a countertop or tabletop where it can be pulled on by children or tripped over accidentally.

You can customize the length of the power cord so that it is the exact length you desire. To increase the length of the power cord: grasp the power cord (near the bottom where the cord enters the plug) and pull it out of the plug. Then pull it out of the plug and pull it out of the plug.
