That's what I enjoyed the most about it. It's different because of that. Everything around spirituality books usually focus on only one or two areas. I think back to that time when I was desperately seeking answers and had no one around me to ask or talk to about this. If your book would have been available, wow, a game changer. I can't tell you how many books I've read, especially when I was desperately seeking out everything and anything that talks about universal beliefs. All of it. Many things were well a waste of time. Then I would find a book which is a gold nugget. That's what makes your book amazing. You've covered so many things around this that even if only a few things resonate with a reader, you've given that person a trail and a path to follow. It will lead them to go and open more doors. Beta Reader. This is a great read. I loved that it had little nuggets of information on many areas of spirituality. The author was open-minded. It's a wonderful book to grab and explore. Amazon Review. Wow, I can't put this book down. Such a great read. Amazon Review. I stumbled across this book by mere coincidence, although there is no such thing. While scrolling through TikTok, there were so many books, tokens to try the book out, and I am so glad I did. The insight in his own spiritual journey which reflects somewhat so much with my own and explains so much in how I'm feeling and how to accept the process. Fantastic. Robert Hunt.
