Final Examination Study Guide

There final exams will be in two parts. The first part (40%) will be multiple choice questions. They will be taken from lectures you have already seen throughout the class, so if you prepared well for the questions and learned from the mistakes you made along the way, preparing for this first part should be fairly straightforward. The second part will consist of two essay questions based on some of the bigger concepts covered throughout the course (60%). You will have a choice of questions from which you can select what to write, so students can play to their strengths. You will also be asked upon to draw from your essay the material from lectures and assigned (and discussed) in class.
