Kcse 2012 Past Papers:

Shakespeare beyond English Susan Bennett, Christie Carson, 2013-08-29 Tackling vital issues of politics identity and experience in performance this book asks what Shakespeare's plays mean when extended beyond the English language From April to June 2012 the Globe to Globe Festival offered the unprecedented opportunity to see all of Shakespeare's plays performed in many different world languages Thirty eight productions from around the globe were presented in six weeks as part of the World Shakespeare Festival which formed a cornerstone of the Cultural Olympics This book provides the only complete critical record of that event drawing together an internationally renowned group of scholars of Shakespeare and world theatre with a selection of the UK's most celebrated Shakespearean actors Featuring a foreword by Artistic Director Dominic Dromgoole and an interview with the Festival Director Tom Bird this volume highlights the energy and dedication that was necessary to mount this extraordinary cultural experiment

Kenya National Bibliography Kenya National Library Service. National Reference & Bibliographic Department, 2012

Mathematics Education in East Africa Anjum Halai, Geoff Tennant, 2016-03-08 This Open Access book is a valuable resource for policymakers and practitioners as it brings insights mainly from developing countries where relatively less research activity takes place It is also a valuable resource for courses in mathematics education in the teacher education colleges and departments of education in the sub Saharan Africa region In the increasingly global and technological world mathematics is seen as a significant gatekeeper of opportunities for social and economic advancement and mobility Hence countries and development agencies in the broader sub Saharan Africa region are looking towards increasing access to relevant and high quality secondary education as a lever towards economic development Policy makers and other key decision makers in education look towards improvement in mathematics teaching and learning as a key focus in education reform In the East Africa region also a number of initiatives have been taken at the national level in the respective countries to improve the quality of mathematics education This book provides an in depth comparative analysis of the developments and issues in mathematics education in Kenya Tanzania Rwanda and Uganda and advances our understanding of the state of secondary mathematics education in East Africa

Governance and Transformations of Universities in Africa Fredrick. M. Nafukho, Helen M. A. Muyia, Beverly Irby, 2014-06-01 While universities world over are undergoing reforms and change in the case of African universities as illustrated in this book the reforms and changes are profound and can best be described as transformative This book is unique in many ways which makes it extraordinary First unlike other books that have examined issues on higher education in Africa from externalist positions the contributors to this book are scholars who have been educated are currently teaching in African universities or have taught in African universities The book specifically focuses on transformations in the governance of African universities and its implications on equity entrepreneurship innovation quality assurance information and communication technologies ICTs and reform issues in higher education in Africa The book presents pertinent research on governance in African

universities in an experiential and empirical manner The contributors of the book chapters include individuals actively involved in teaching researching and governance of higher education institutions in Africa The chapters are based on empirical data including review of relevant literature The book also recognizes that university governance is more than just crisis in financial or economic issues but includes best management practices shared governance meaningful reforms strategic planning consultation transparency and accountability client students lecturers parents and the public satisfaction as well as the role of the university in development The contributions take cognizance of the fact that governance as a concept is facing fundamental changes in the context of global knowledge economy and African local conditions Contributors also take cognizance of the fact that one important source of change in Africa has been the accelerating speed of scientific and technological advancement in learning at universities where lifelong learning programs adult learning programs distance and online learning are relatively new The chapters are also sensitive to new changes in gender demographical technological education reforms social and economic transformations in the governance of African universities The book is basically an academic book for use by undergraduates and graduate students at universities policy makers and formulators in African ministries of Education supra national organizations foreign organizations working in Africa NGOs and CBOs as well as development stakeholders and community organizers
