Narrating Violence in the Postcolonial World Rebecca Romdhani, Daria Tunca, 2021-09-05 This book examines representations of violence across the postcolonial world from the Americas to Australia in novels short stories plays and films The chapters move from what appear to be interpersonal instances of violence to communal conflicts such as civil war showing how these acts of violence are specifically rooted in colonial forms of abuse and oppression but constantly move and morph Taking its cue from theories in such fields as postcolonial violence gender and trauma studies the book thus shows that violence is slippery in form but also fluid in nature so that one must trace its movement across time and space to understand even a single instance of it When analysing such forms and trajectories of violence in postcolonial creative writing and films the contributors critically examine the ethical issues involved in narrating abuse depicting violated bodies and presenting romanticized resolutions that may conceal other forms of violence

The Star Side of Bird Hill Naomi Jackson, 2016-08-23 Two sisters are suddenly sent from their home in Brooklyn to Barbados to live with their grandmother in

Naomi Jackson's stunning debut novel *This* lyrical novel of community betrayal and love centers on an unforgettable matriarchal family in Barbados. Two sisters, ages ten and sixteen, are exiled from Brooklyn to Bird Hill in Barbados after their mother can no longer care for them. The young Phaedra and her older sister Dionne live for the summer of 1989 with their grandmother Hyacinth, a midwife and practitioner of the local spiritual practice of obeah. Dionne spends the summer in search of love, testing her grandmother's limits and wanting to go home. Phaedra explores Bird Hill where her family has lived for generations, accompanies her grandmother in her role as a midwife, and investigates their mother's mysterious life. This tautly paced coming-of-age story builds to a crisis when the father they barely know comes to Bird Hill to reclaim his daughters, and both Phaedra and Dionne must choose between the Brooklyn they once knew and loved or the Barbados of their family. Naomi Jackson's *Barbados* and her characters are singular, especially the wise Hyacinth and the heartbreaking young Phaedra, who is coming into her own as a young woman amid the tumult of her family. Praise for *The Star Side of Bird Hill*. Once in a while you'll stumble onto a book like this one, so poetic in its descriptions and so alive with lovable, frustrating, painfully real characters that your emotional response to it becomes almost physical. The dual coming-of-age story alone could melt the sternest of hearts, but Jackson's exquisite prose is a marvel too. A gem of a book. *Entertainment Weekly*. A

Taking Flight Jennifer Donahue, 2020-07-23 Caribbean women have long utilized the medium of fiction to break the pervasive silence surrounding abuse and exploitation. Contemporary works by such authors as Tiphany Yanique and Nicole Dennis Benn illustrate the deep-rooted consequences of trauma based on gender, sexuality, and race and trace the steps that women take to find safer ground from oppression. *Taking Flight* examines the immigrant experience in contemporary Caribbean women's writing and considers the effects of restrictive social mores. In the texts examined in *Taking Flight*, culturally sanctioned violence impacts the ability of female characters to be at home in their bodies or in the spaces they inhabit. The works draw attention to the historic racialization and sexualization of Black women's bodies and continue the legacy of narrating Black women's long-standing contestation of systems of oppression. Arguing that there is a clear link between trauma, shame, and migration, with trauma serving as a precursor to the protagonists' emigration, Jennifer Donahue focuses on how female bodies are policed, how moral, racial, and sexual codes are linked, and how the enforcement of social norms can function as a form of trauma. Donahue considers the relationship between trauma, shame, and sexual politics and investigates how shame works as a social regulator that frequently leads to withdrawal or avoidant behaviors in those who violate socially sanctioned mores. Most importantly, *Taking Flight* positions flight as a powerful counter to disempowerment and considers how flight, whether through dissociation or migration, functions as a form of resistance.
