Mitchell Report Middle East:

The Collapse of Middle East Peace Dennis J. Deeb II, 2003 In this fast paced well researched work author Dennis D J Deeb objectively traces the rise and fall of the Oslo Peace Accords between the Israelis and the Palestinians What went wrong with peace This work analyzes Israeli leader Ariel Sharon s statements and past record as a military and government leader with regards to the Peace Process Deeb also discusses the corruption within the Palestinian Authority that has hindered the peace process including the mismanagement of Palestinian Authority President Yasir Arafat The author examines and supports what has become known as The Mitchell Report released in the spring 2001 in offering a lasting peace between Israelis and Palestinians He also considers and evaluates the recent Road Map To Peace proposal offered by President George W Bush in the spring of 2003 Since 1993 both Israeli and Palestinian leaders have failed to implement and have violated provisions of the Oslo Accords As the late Israeli Prime Minister Yitzhak Rabin who gave his life in the name of peace and to whom this writing is dedicated articulated so clearly during the signing of the Oslo Accords enough blood and tears Finally Deeb argues that the intent behind the Oslo Accords encompass the link between the end of war and the era of peace that the Israelis and Palestinians should both return to the table for negotiations based upon the recommendations of The Mitchell Report and the Quartet Road Map To Peace to negotiate a final and lasting settlement rooted in the Oslo Peace Accords

Israel, Palestine, & the Quest for Middle East Peace Dennis J. Deeb II, 2013-06-13 After the U S led invasion of Afghanistan and Iraq Pakistan s then President Pervez Musharraf declared The Palestinian front is affecting the entire Muslim world All terrorists and militant activity in the world today has been initiated because of the Palestinian problem This is because of the sense of hopelessness alienation and powerlessness The decade following the aftermath of September 11th has only proven that a comprehensive peace settlement in the Middle East and a resolve to the Israeli Palestinian conflict are a crucial necessity to global stability In this well researched and thoroughly documented work Professor Dennis J Deeb II objectively aims to provide both a historical narrative of the events surrounding the Israeli Palestinian conflict and a historiography exploring the failures to achieve the end result of a final settlement between the Israelis and the Palestinians What went wrong with peace This book explores the issues of contention that must be resolved between the parties to reach a lasting settlement

Shattered Hopes Josh Ruebner,2014-10-07 President Barack Obama s first trip abroad in his second term took him to Israel and the Palestinian West Bank where he despondently admitted to those waiting for words of encouragement It is a

hard slog to work through all of these issues Contrast this gloomy assessment with Obama's optimism on the second day of his first term when he appointed former Senate Majority Leader George Mitchell as his special envoy for Middle East peace boldly asserting that his administration would actively and aggressively seek a lasting peace between Israel and the Palestinians How is it that Obama's active and aggressive search for progress has become mired in the status quo Writer and political analyst Josh Ruebner charts Obama's journey from optimism to frustration in the first hard hitting investigation into why the president failed to make any progress on this critical issue and how his unwillingness to challenge the Israel lobby has shattered hopes for peace Written in a clear and accessible style by the advocacy director of a national peace organization and former Middle East analyst for the Congressional Research Service Shattered Hopes offers an informed history of the Obama administration's policies and maps out a true path forward for the United States to help achieve Israeli Palestinian peace

Tested by Zion Elliott Abrams, 2013-01-14 This book tells the full inside story of the Bush Administration and the Israeli Palestinian conflict Written by a top National Security Council officer who worked at the White House with Bush Cheney and Rice and attended dozens of meetings with figures like Sharon Mubarak the kings of Jordan and Saudi Arabia and Palestinian leaders it brings the reader inside the White House and the palaces of Middle Eastern officials How did 9 11 change American policy toward Arafat and Sharon's tough efforts against the Second Intifada What influence did the Saudis have on President Bush Did the

American approach change when Arafat died How did Sharon decide to get out of Gaza and why did the peace negotiations fail In the first book by an administration official to focus on Bush and the Middle East Elliott Abrams brings the story of Bush the Israelis and the Palestinians to life **Human Rights Journalism** I. Shaw,2011-11-15 Shaw argues that journalism should focus on deconstructing the underlying structural and cultural causes of political violence such as poverty famine and human trafficking and play a proactive preventative rather than reactive prescriptive role in humanitarian intervention

American Presidents and Israeli Settlements since 1967 Michael F. Cairo,2022-07-15 Tracing presidential administrations since Lyndon B Johnson this book argues that the Trump administration s policy toward Israeli settlements in the West Bank and Jerusalem is not an aberration but the culmination of over 50 years of American foreign policy Under the Johnson administration the United States rhetorically supported the applicability of international law regarding Israeli settlements However throughout the 1970s administrations did little to reverse the construction and expansion of settlements Moreover presidents sent mixed signals regarding Israel s withdrawal from the occupied territories The Israeli settlement movement received support when Reagan argued that settlements were not illegal Since then American presidents have opposed settlement activity to various degrees but not based on their illegality Rather presidents have described them as unwise unhelpful or obstacles to peace Even when presidents have had opportunities to confront Israeli settlements directly domestic pressure and America s special relationship with Israel have prevented serious action beyond rhetoric and condemnation This volume will be of interest to scholars and students of the history and politics of American foreign policy American relations with Israel and the Israeli Palestinian conflict
