Plato, "The Allegory of the Cave"

14 min read • original

Who is Plato?

What is the Allegory of the Cave?

Plato's Belief

What is the Allegory about?
What is the author's purpose?

Why did Plato use the Allegory?

What is the predicament in which mankind finds itself?

The son of a wealthy and noble family, Plato (427-347 B.C.) was preparing for a career in politics when the trial and eventual execution of Socrates (399 B.C.) changed the course of his life. He abandoned his political career and turned to philosophy, opening a school on the outskirts of Athens dedicated to the Socratic search for wisdom. Plato's school, then known as the Academy, was the first university in western history and operated from 387 B.C. until A.D. 529, when it was closed by Justinian.

Unlike his mentor Socrates, Plato was both a writer and a speaker. His writings are in the form of dialogues, with Socrates as the principal speaker. In the *Allegory of the Cave*, Plato described symbolically the predicament in which mankind finds itself and proposes a way of salvation. The *Allegory* presents, in brief form, most of Plato's major philosophical assumptions: his belief that the world revealed by our senses is not the real world but only a poor copy of it, and that the real world can only be approached intellectually; his idea that knowledge cannot be transferred from teacher to student, but rather that education consists in directing student's minds toward what is real and important and allowing them to apprehend it for themselves; his faith that the universe ultimately is good; his conviction that enlightened individuals have an obligation to the rest of society; and that a good society must be one in which the truly wise (the Philosopher-King) are the rulers.

The *Allegory of the Cave* can be found in Book VII of Plato's best-known work, *The Republic*, a lengthy dialogue on the nature of justice. Often regarded as a utopian blueprint, *The Republic* is dedicated toward a discussion of the education required of a Philosopher-King.

Notes: See if I can find a short bio video on Plato's Socrates.
