The Fractured Marketplace for Standardized Testing Walter M. Haney, George F. Madaus, Robert Lyons, 2012-12-06 Standardized testing in the United States has been increasing at a rapid pace in the last twenty five years The market for tests has not only been expanding rapidly but has also been changing sharply in structure into a fractured marketplace Indeed one of the main features of this book is that the market for standardized testing is highly fractured with segments of the market facing monopoly conditions others facing oligopoly conditions and still others where near free market conditions exist One of the main premises of the book is that the structures of markets have strong implications for how those markets

perform While this notion is widely accepted among economists it is not widely appreciated in educational research A second motivation for the book is that very little scholarly attention has been focused on the standardized testing industry This topic the structure of the testing industry and implications for the quality of tests and test use affects how we evaluate the learning of students the effectiveness of teaching the quality of schools and the educational health of the nation Of particular concern to the authors is one vital aspect of test quality test validity This book is the most current and authoritative review and analysis of the market for standardized testing

Copyright and the Public Interest in China G. H. Tang, 2011-11-30 This brilliant amalgam of law history social analysis and some Confucian philosophy argues for a distinctive Chinese approach to copyright and the public interest aligning not only the Western commitment to individual creativity but also supporting public access to and use of works without the consent of the copyright holder The argument involves fascinating analysis not only of evolving Chinese attitudes to education libraries archives and censorship but also of the profound significance of the Internet in China today Hector MacQueen University of Edinburgh UK Guan Hong Tang's book offers a fresh insightful and scholarly treatment of the relationship between the law of copyright and the public interest in China Copyright legislation in China is a novelty dating from 1990 and Dr Tang provides a vivid overview of the historical and cultural tensions between traditional Chinese Confucianism and the very concept of copyright tensions which more recent legislation and case law seek to address Gillian Davies Hogarth Chambers UK Guan Hong Tang expertly highlights how the multidimensional concept of public interest has influenced the development and limitations of Chinese copyright Since 1990 China has awarded copyright individual rights but also provides for public non criminal enforcement The author reveals that pressures of development globalisation and participation in a world economy have hastened the loss of public interest from copyright However for a socialist country placing the common ahead of the individual interest the public interest also constitutes a phenomenological tool with which to limit copyright The author also discusses how the rise of the Internet which has had a major social and economic impact on China raises problems for Chinese copyright law Comparing Chinese copyright law with the USA and the UK topical issues are presented in this unique book including those arising within education library and archives sectors This insightful book will strongly appeal to students and researchers in IP law comparative law Chinese studies international commerce and information science It will also prove invaluable for lawyers and consultants with expertise in IP and China
