

#### OBSERVATIONAL DIARY

SUBJECT: Private Pyle

DATE: June 1985

LOCATION: Kubrick Estate

Stanley shares his research. Drawings of sets. Aerial views of Bechtel Gas Works. And then the videotapes.

I had no way of knowing how many audition tapes he received for "Full Metal Jacket," but judging from the size of this room and that all four walls are stacked with tapes, it's easy to say that Kubrick received tens of thousands. (I imagine Val Kilmer somewhere in this room, trapped inside a plastic VHS box.)

How could he have had time to watch all of the tapes? I can't believe it, but I shouldn't be surprised. He's Stanley Kubrick.

KUBRICK: This is the room with only the good auditions.

Stanley says he feels like he's found some of the best actors around. Some great faces. He's cast everybody now but the character of Pvt. Pyle.

## Full Metal Jacket Diary:

**Full Metal Jacket Diary** Matthew Modine, 2005 Mirroring his part as a Marine Corp journalist Modine recounts through words and photographs his experiences working with Stanley Kubrick on the film Full Metal Jacket Kubrick Robert P. Kolker, Nathan Abrams, 2024-02-06 The definitive biography of the creator of 2001 A Space Odyssey The Shining and A Clockwork Orange presenting the most in depth portrait yet of the groundbreaking film maker The enigmatic and elusive filmmaker Stanley Kubrick has not been treated to a full length biography in over twenty years Stanley Kubrick An Odyssey fills that gap This definitive book is based on access to the latest research especially Kubrick s archive at the University of the Arts London as well as other private papers plus new interviews with family members and those who worked with him It offers comprehensive and in depth coverage of Kubrick s personal private public and working life Stanley Kubrick An Odyssey investigates not only the making of Kubrick s films but also about those he wanted but failed to make like Burning Secret Napoleon Aryan Papers and A I Revealingly this immersive biography will puncture the controversial myths about the reclusive filmmaker who created some of the most important works of art of the twentieth century Stanley Kubrick Nathan Abrams, 2018-04-19 Stanley Kubrick is generally acknowledged as one of the world s great directors Yet few critics or scholars have considered how he emerged from a unique and vibrant cultural milieu the New York Jewish intelligentsia Stanley Kubrick reexamines the director s work in context of his ethnic and cultural origins Focusing on several of Kubrick s key themes including masculinity ethical responsibility and the nature of evil it demonstrates how his films were in conversation with contemporary New York Jewish intellectuals who grappled with the same concerns At the same time it explores Kubrick s fraught relationship with his Jewish identity and his reluctance to be pegged as an ethnic director manifest in his removal of Jewish references and characters from stories he adapted As he digs deep into rare Kubrick archives to reveal insights about the director s life and times film scholar Nathan Abrams also provides a nuanced account of Kubrick s cinematic artistry Each chapter offers a detailed analysis of one of Kubrick s major films including Lolita Dr Strangelove 2001 A Clockwork Orange Barry Lyndon The Shining Full Metal Jacket and Eyes Wide Shut Stanley Kubrick thus presents an illuminating look at one of the twentieth century s most renowned and yet misunderstood directors On Kubrick James Naremore, 2019-07-25 On Kubrick provides an illuminating critical account of the films of Stanley Kubrick from his earliest feature Fear and Desire 1953 to the posthumously produced A I Artificial Intelligence Steven Spielberg 2001 The book offers provocative analysis of each of Kubrick s films together with new information about their production histories and cultural contexts Its ultimate aim is to provide a concise yet thorough discussion that will be useful as both an academic text and a trade publication James Naremore argues that in several respects Kubrick was one of the cinema s last modernists his taste and sensibility were shaped by the artistic culture of New York in the 1950s he became a celebrated auteur who forged a distinctive style he used art cinema conventions in commercial productions he challenged censorship regulations

and throughout his career he was preoccupied with one of the central themes of modernist art the conflict between rationality and its ever present shadow the unconscious War and science are key concerns in Kubrick s oeuvre and his work has a hyper masculine quality Yet no director has more relentlessly emphasized the absurdity of combat as in Paths of Glory 1957 and Full Metal Jacket 1987 the failure of scientific reasoning as in 2001 1968 and the fascistic impulses in masculine sexuality as in Dr Strangelove 1964 and Eyes Wide Shut 1999 The book also argues that while Kubrick was a voracious intellectual and a life long autodidact the fascination of his work has less to do with the ideas it espouses than with the emotions it evokes Often described as cool or cold Kubrick is best understood as a skillful practitioner of what might be called the aesthetics of the grotesque he employs extreme forms of caricature and black comedy to create disgusting frightening yet also laughable images of the human body creating a sense of unease that leaves viewers unsure of how to react

**Kubrick's Men** Richard Rambuss,2021-03-02 A provocative re reading of Stanley Kubrick s work and its focus on masculine desire The work of Stanley Kubrick amounts to a sustained reflection on the male condition past present and future The persistent theme of his filmmaking is less violence or sex than it is the pressurized exertion of masculinity in unusual or extreme circumstances where it may be taxed or exaggerated to various effects tragic and comic or metamorphosed distorted and even undone The stories that Kubrick s movies tell range from global nuclear politics to the unpredictable sexual dynamics of a marriage from a day in the life of a New York City prizefighter preparing for a nighttime bout to the evolution of humankind These male melodramas center on sociality and asociality They feature male doubles pairs and rivals They explore the romance of men and their machines and men as machines They figure intensely conflicted forms of male sexual desire And they are also very much about male manners style taste and art Examining the formal thematic and theoretical affiliations between Kubrick s three bodies of work his photographs his documentaries and his feature films Kubrick s Men offers new vantages on to the question of gender and sexuality including the first extended treatment of homosexuality in Kubrick s male oriented work

**Gunny's Rules** R. Lee Ermey,2013-10-28 Put down your sissy drink with its umbrella get off your backside and square yourself away Get fit get a job and get yourself some self respect America s favorite most in your face sarge is going to show you how to get squared away like a Marine R Lee Ermey of The History Channel s Mail Call takes time out from telling viewers all about military technology to tell readers all about life Men today are facing a crisis of emasculation Gunny is here to tell you how to fight back and save your dignity by taking control of your own damn life First he teaches you how to get fit stay fit and defend yourself Then he teaches you how to conduct yourself the way real men do with assertiveness but also with wisdom and courtesy Finally Gunny motivates you to use your new fitness and new attitude to live life like a man of honor to work hard reach for high goals and set an example with your life Gunny s Rules is the ultimate guide for anyone who wants to live life like one of the toughest of the tough like a Marine

**Kubrick's Hope** Julian Rice,2008-09-29 There have been two common assumptions about Stanley Kubrick that

his films portray human beings who are driven exclusively by aggression and greed and that he pessimistically rejected meaning in a contingent postmodern world However as Kubrick himself remarked A work of art should be always exhilarating and never depressing whatever its subject matter may be In this new interpretation of Kubrick s films Julian Rice suggests that the director s work had a more positive outlook than most people credit him And while other studies have recounted Kubrick s life and production histories few have offered lucid explanations of specific sources and their influence on his films In Kubrick s Hope Rice explains how the theories of Freud and Jung took cinematic form and also considers the significant impression left on the director s last six films by Robert Ardrey Bruno Bettelheim and Joseph Campbell In addition to providing useful contexts Rice offers close readings of the films inviting readers to note details they may have missed and to interpret them in their own way By refreshing their experience of the films and discarding postmodern clichés viewers may discover more optimistic themes in the director s works Beginning with 2001 A Space Odyssey and continuing through A Clockwork Orange Barry Lyndon The Shining Full Metal Jacket and Eyes Wide Shut Rice illuminates Kubrick s thinking at the time he made each film Throughout Rice examines the compelling political psychological and spiritual issues the director raises As this book contends if these works are considered together and repeatedly re viewed Kubrick s films may help viewers to personally grow and collectively endure

Depth of Field Geoffrey Cocks, James Diedrick, Glenn Perusek, 2006-08-01 Director of some of the most controversial films of the twentieth century Stanley Kubrick created a reputation as a Hollywood outsider as well as a cinematic genius His diverse yet relatively small oeuvre he directed only thirteen films during a career that spanned more than four decades covers a broad range of the themes that shaped his century and continues to shape the twenty first war and crime gender relations and class conflict racism and the fate of individual agency in a world of increasing social surveillance and control In Depth of Field leading screenwriters and scholars analyze Kubrick s films from a variety of perspectives They examine such groundbreaking classics as Dr Strangelove and 2001 A Space Odyssey and later films whose critical reputations are still in flux Depth of Field ends with three viewpoints on Kubrick s final film Eyes Wide Shut placing it in the contexts of film history the history and theory of psychoanalysis and the sociology of sex and power Probing Kubrick s whole body of work Depth of Field is the first truly multidisciplinary study of one of the most innovative and controversial filmmakers of the twentieth century

Cracking the Kube Filippo Ulivieri, 2024-12-15 Maestro Genius Legend Respected Celebrated Worshipped Stanley Kubrick is one of the most famous and discussed filmmakers yet much about his work remains mysterious For the past twenty years Filippo Ulivieri has interviewed Kubrick s closest collaborators and associates gathering firsthand accounts of his films creation and the director s personality He has also delved into archives uncovering production documents memos correspondence and never before seen material This collection features Ulivieri s most up to date research challenging myths misconceptions clichés and false theories about Stanley Kubrick s life and films Think you know Kubrick Think again

Mikics,2020-08-18 An engrossing biography of one of the most influential filmmakers in cinematic history Kubrick grew up in the Bronx a doctor s son From a young age he was consumed by photography chess and above all else movies He was a self taught filmmaker and self proclaimed outsider and his films exist in a unique world of their own outside the Hollywood mainstream Kubrick s Jewishness played a crucial role in his idea of himself as an outsider Obsessed with rebellion against authority war and male violence Kubrick was himself a calm coolly masterful creator and a talkative ever curious polymath immersed in friends and family Drawing on interviews and new archival material Mikics for the first time explores the personal side of Kubrick s films

**Stanley Kubrick** Elisa Pezzotta,2013-07-25 Although Stanley Kubrick adapted novels and short stories his films deviate in notable ways from the source material In particular since 2001 A Space Odyssey 1968 his films seem to definitively exploit all cinematic techniques embodying a compelling visual and aural experience But as author Elisa Pezzotta contends it is for these reasons that his cinema becomes the supreme embodiment of the sublime fruitful encounter between the two arts and simultaneously of their independence Stanley Kubrick s last six adaptations 2001 A Space Odyssey A Clockwork Orange 1971 Barry Lyndon 1975 The Shining 1980 Full Metal Jacket 1987 and Eyes Wide Shut 1999 are characterized by certain structural and stylistic patterns These features help to draw conclusions about the role of Kubrick in the history of cinema about his role as an adapter and more generally about the art of cinematic adaptations The structural and stylistic patterns that characterize Kubrick adaptations seem to criticize scientific reasoning causality and traditional semantics In the history of cinema Kubrick can be considered a modernist auteur In particular he can be regarded as an heir of the modernist avant garde of the 1920s However author Elisa Pezzotta concludes that unlike his predecessors Kubrick creates a cinema not only centered on the ontology of the medium but on the staging of sublime new experiences

**Eyes Wide Shut** Robert P. Kolker, Nathan Abrams, 2019-05-08 Twenty years since its release Stanley Kubrick s Eyes Wide Shut remains a complex visually arresting film about domesticity sexual disturbance and dreams It was on the director s mind for some 50 years before he finally put it into production Using the Stanley Kubrick Archive at the University of the Arts London and interviews with participants in the production the authors create an archeology of the film that traces the progress of the film from its origins to its completion reception and afterlife The book is also an appreciation of this enigmatic work and its equally enigmatic creator

The Kubrickon Jasun Horsley, 2023-03-28 Stanley Kubrick was up to something But neither his fiercest admirers nor his harshest critics ever suspected what it was His movies were the means So what was the end In this experimental analysis of the work of Stanley Kubrick Jasun Horsley unpicks the cult of Kubrick taking a unique approach as he delves into the deeper and often darker reasons as to why the director has achieved such admiration over the years The Kubrickon maps an unholy merger of computer and behavioral sciences that has shaped not just politics but all of modern society over the past decade e g Cambridge Analytica It explores Stanley Kubrick s intensive secret insider involvement in the building of an architecture of algorithm directed technology that has steadily encroached into our inner realms cementing a symbiotic relationship between human consciousness and technology with culture as the binding medium of an attention economy Throughout The Kubrickon Horsley uses Kubrick s critically acclaimed films such as Eyes Wide Shut and 2001 Space Odyssey to provide a fascinating and revelatory overview of the cultural obsession with Stanley Kubrick as well as on a wider scale providing illuminating criticisms of society s consumption of culture and media For those who dislike Kubrick movies The Kubrickon will finally absolve you of all uncertainty and guilt For those who adore Kubrick movies The Kubrickon will challenge you to the core and may just set you free For those who are indifferent to Kubrick movies The Kubrickon will reward you by making you care about and nurture your indifference
