GATEWAYS TO UNDERSTANDING MUSIC Samuel N. Dorf, Heather MacLachlan, Julia Randel, 2020-12-30 This anthology to accompany Gateways to Understanding Music is comprised of musical texts. These broadly defined texts, primarily musical scores, facilitate the integration of score study and music theory into the ethno musicology curriculum, a necessary focus in the training of the professional musician. As posed by the textbook, the last question in each modular gateway is "Where do I go from here?" This resource provides one more opportunity to go beyond the textbook to examine music scores and texts in even greater depth. This anthology is a combination of primary sources for study: musical scores and music transcriptions along with a few primary source documents and musical exercises.

Gateways to Spirituality Peter W. Cobb, 2005. Gateways to Spirituality Pre School through Grade Twelve focuses on spiritual formation in American pre-collegiate education. Its fifteen contributors advance distinctive views about the connections that exist between spirituality, learning, social and ethical consciousness, and community life. The book will be useful to educators who wish to acknowledge youth spirituality in ways that are informed, fair, constitutional, and inclusive. School administrators, teachers, counselors, and chaplains who are interested in issues of liberal education and spirituality who wish to take religious diversity and spiritual identity seriously and who offer courses in religious studies will find Gateways to Spirituality an invaluable resource.

Gateways to Art Michelle Wells, 2023-02-03. Introduction. At Pigmentti, the current crisis is teaching us that a slower, more thoughtful lifestyle is important. We have always been proponents of craftsmanship and the preservation of centuries-old methods as decorative artists. It would appear that an increasing number of people are also recognizing the significance of this at the moment. Craftsmanship and decorative arts are naturally slow and steady. They use methods that take years to learn and perfect, so the creation process cannot be rushed. Because they recognize how important it is for the tools and materials they use to connect the past and present, artisans and craftspeople also treat them with the utmost respect.
