

The background of the cover features a complex molecular model. It consists of numerous blue spheres, representing atoms, connected by thin green rods, representing chemical bonds. The structure is three-dimensional and occupies most of the frame. In the lower-left corner, there is a distinct cluster of small yellow dots, possibly representing a different type of atom or a specific molecular region. The overall lighting is soft, with a gradient from dark blue at the edges to a lighter, more vibrant blue in the center, creating a sense of depth and highlighting the molecular structure.
