

GENESIS 10

IN 5 MINUTES

When:

- Using the genealogy in chapter 11, we learn the lifespan of humans decreased rapidly after the flood.
- Most historians date the flood to approximately 2350 B.C.
- We don't know the lifespan of all the individuals listed in chapter 10, but chapter 11 records how old Shem's descendants were when they died.
- Of those listed, Shem's longest living descendent was Eber his great-grandson. Eber lived until approximately 1817 B.C.
- Therefore, it seems safe to say most of the men mentioned in chapter 10 lived between 2350 B.C. and 1800 B.C. (a period of 750 years).

Characters:

- Shem, Ham, and Japheth – The three sons of Noah who accompanied him on the ark.
- Shem, Ham, and Japheth's Descendants – They will be discussed in more detail in the outline.

Where:

- Shem, Ham, and Japheth disembarked from the ark in the mountains of Ararat.
- Over the next 750 years, their descendants spread across the face of the earth.
- The Tower of Babel incident, which you can read about in Genesis 11, was a catalyst for their expansion.
