Autosomal Recessive Disorders

Autosomal recessive disorders are caused by the presence of **2 recessive alleles**. Because these alleles are on **autosomes**, the disorders are equally as common in males and females.

Recessive disorders can seem to appear out of nowhere because both parents can be normal and have a child with the disease if the parents are carriers. A **carrier** doesn't show the phenotype because they have a dominant allele to mask the recessive allele that they "carry" and can pass along to their offspring. If two carriers have a child, their child has a 25% chance of getting the disorder.

Examples of autosomal recessive disorders include **Cystic Fibrosis** and **PKU**.

Maternal and Child Health Nursing Adele Pillitteri, 2013-11-25 Adele Pillitteri aims to ensure that today's students have a technical understanding without losing the importance of compassion in their role as a nurse. The text presents pediatrics and maternity as a continuum of knowledge taking a holistic approach and viewing maternity and pediatric content as a family event. The text links theory closely with application that helps students gain a deeper understanding of content and be better prepared to practice in their careers. Provided by publisher

NTA Foundation Science Workbook IX Part 3 Chandan Sengupta, NEET Foundation Workbook Science IX Part 3 Workbook and Activity for Students of Class IX aspiring for Pre Medical Entrance Examination ISBN 9798429933269 Imprint Independently published Total Printed Copies 5 000 Published from Arabinda Nagar Bankura 722101 WB This workbook is designed for providing some time tested study materials to students aspiring for competitive examinations and Olympiads. All the question banks are from the prescribed content areas of studies duly prescribed by the National as well as State Boards of studies. What we expect from our fellow student and what are the facilities we provide them should have proper links for ensuring the maximum return of our effort. We even come across instances during which children may revolt during repeatedly scheduled intensive learning programmes duly planned for them. For efficient handling of such job we should go on planning content delivery plan on the basis of student centred focus. IT will even link up our plan with those of other fellow faculty members for making the effort a vibrant one. The work book like this and others of similar category have a comprehensive plan of addressing content areas duly specified by the boards of studies. Answer sheets are there for some selected sheets. Rest of the other sheets kept off the side for enabling the exploratory drive of fellow students active. We are expecting their active participation in the learning and facilitation drives. It is true that this workbook cannot follow the content areas exclusively prescribed for the aspirants of the particular age group. The purpose of the incorporations of varying types of activities is to expose the fellow students to some forthcoming challenges. It will definitely imply a sort of impression in the mind of the student and enable them to grasp through higher challenges with subtle easiness.
