Smith, 2014-09-23 In 1798 Robert Morris financier of the American Revolution confidant of George Washington former U S senator plunged from the peaks of wealth and prestige into debtors prison and public contempt How could one of the richest men in the United States one of only two founders who signed the Declaration of Independence the Articles of Confederation

and the Constitution suffer such a downfall This book examines for the first time the extravagant Philadelphia town house Robert Morris built and its role in bringing about his ruin Part biography part architectural history the book recounts Morris s wild successes as a merchant his recklessness as a land speculator and his unrestrained passion in building his palatial doomed mansion once hailed as the most expensive private building in the United States but later known as Morris s Folly Setting Morris s tale in the context of the nation s founding this volume refocuses attention on an essential yet nearly forgotten American figure while also illuminating the origins of America s ongoing ambivalent attitudes toward the superwealthy and their sensational excesses *Zwischen Institutionalisierung und Abwehrkampf* Johannes Kiess, Martin Seeliger, 2018-10-04 Die europäische Integration stellt Gewerkschaften vor große Herausforderungen Während die Schaffung eines gemeinsamen Marktes bereinstimmende politische Positionen immer notwendiger werden lässt wird deren Etablierung durch die zunehmende politische Heterogenität der Europäischen Union weiter erschwert Der vorliegende Band beleuchtet diese Problematik in Fallstudien aus verschiedenen sozialwissenschaftlichen Perspektiven und zeigt die erfolgreichen und weniger erfolgreichen Strategien gewerkschaftlicher Akteurinnen und Akteure auf **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library. Research Libraries, 1979 **Fighting the Great War at Sea** Norman Friedman, 2014-10-22 The overriding image of the First World War is the bloody stalemate of the Western Front but although much of the action did occur on land the overall shape of the war \_ even the inevitability of British participation \_ arose out of its maritime character It was essentially a struggle about access to worldwide resources most clearly seen in the desperate German attempts to deal with the American industrial threat which ultimately levered the United States into the war and thus a consequence of British sea control In This radical new book concentrates on the way in which each side tried to use or deny the sea to the other and in so doing it describes rapid wartime changes not only in ship and weapon technology but also in the way naval warfare was envisaged and fought Combat produced many surprises some like the impact of the mine and torpedo are familiar but this book also brings to light many previously unexplored subjects like creative new tactical practices and improved command and control In The contrast between expectation and reality had enormous consequences not only for the course of the war but also for the way navies developed afterwards This book melds strategic technical and tactical aspects to reveal the First World War from a fresh perspective but also demonstrates how its perceived lessons dominated the way navies prepared for the Second
