

## Graphic Sources and Steps in a Process

### REVIEW

**Directions:** Read the passage and look at the picture. Then read each question about the passage and picture. Choose the best answer to each question. Mark the letter for the answer you have chosen.

#### Building a Flower

Imagine a "Metallic Flower" rising into the sky in a field of old factories. Such a flower has grown into a reality in the form of Frank Gehry's Guggenheim Museum in Bilbao, Spain. The building's most striking feature is an immense roof constructed of curving, twisting metal that reminds people of a flower.

This building is a result of a process that began with an international competition. The competition invited leading architects to design a building that would blend with the Bilbao skyline and be different from all other buildings in the world. While Frank Gehry's winning design reminds some people of the unusual shape of New York City's Guggenheim Museum, it has elements all its own.

The roof's unusual sculpted curving shape required careful planning. First, Mr. Gehry built a wood and paper model of the museum. Next, he entered mathematical data about the curves of the model's walls and roof into a computer. Mr. Gehry said afterwards that the computer was essential to turning his designs into reality.

Roof of Guggenheim Museum in Bilbao, Spain

- The first step in building the museum was to—
  - invite Frank Gehry to design it.
  - build the roof.
  - use a computer to begin the design.
  - hold an international competition.
- The picture helps you understand—
  - the shape of the roof.
  - the location of the museum.
  - how the computer software works.
  - how Gehry's design was different from other designs.
- Which picture would be of further help in understanding the article?
  - a portrait of Frank Gehry
  - a portrait of Solomon R. Guggenheim
  - a picture of the Guggenheim Museum in New York City
  - a picture of the city of Bilbao
- What was the first step in moving from the design on paper to the actual building?
  - looking at the Guggenheim Museum in New York
  - assigning the job to Frank Gehry
  - entering mathematical data about the curves of the walls and roof
  - building a model of the design
- Before Mr. Gehry was able to use the computer for help, he had to—
  - win the competition.
  - enter mathematical data about the curve of the roof and walls into the computer.
  - invent a new computer program.
  - name the roof "Metallic Flower."

**Notes for Home:** Your child analyzed a passage and a picture and identified the steps in a process. **Home Activity:** Describe a house or a room to your child. Encourage him or her to draw a picture of the house or room, based on your description.

### **Graphic Sources 4th Grade Activities Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Graphic Sources 4th Grade Activities has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Graphic Sources 4th Grade Activities has opened up a world of possibilities. Downloading Graphic Sources 4th Grade Activities provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Graphic Sources 4th Grade Activities has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Graphic Sources 4th Grade Activities. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Graphic Sources 4th Grade Activities. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Graphic Sources 4th Grade Activities, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure

their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Graphic Sources 4th Grade Activities has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
