Hi Teacher Style Profile Builder:

Involvement of Children and Teacher Style Ferre Laevers, Ludo Heylen, 2003 The aim of this book is to explore in depth how the process oriented approach can improve the quality of education and teaching in a wide variety of contexts that is 1 in several European countries with different traditions and cultures 2 in settings going from early childhood education up to the field of the professional development of teachers and 3 in institutions with differing profiles ranging from research centres to teacher training institutes **Research in Education** ,1973-12 Resources in Education ,2001-10

Becoming Clara Schumann Alexander Stefaniak, 2021-11-02 Well before she married Robert Schumann Clara Schumann was already an internationally renowned pianist and she concertized extensively for several decades after her husband's death Despite being tied professionally to Robert Clara forged her own career and played an important role in forming what we now recognize as the culture of classical music Becoming Clara Schumann guides readers through her entire career including performance composition edits to her husband's music and teaching Alexander Stefaniak brings together the full run of Schumann's concert programs detailed accounts of her performances and reception and other previously unexplored primary source material to illuminate how she positioned herself within larger currents in concert life and musical aesthetics He reveals that she was an accomplished strategist having played roughly 1 300 concerts across western and central Europe over the course of her six decade career and she shaped the canonization of her husband's music Extraordinary for her time Schumann earned success and prestige by crafting her own playing style selecting and composing her own concerts and acting as her own manager By highlighting Schumann's navigation of her musical culture's gendered boundaries Becoming Clara Schumann details how she cultivated her public image in order to win over audiences and embody some of her field's most ambitious aspirations for musical performance **The Builder** ,1875 The Maker's Hand Edward S. Cooke, Gerald W. R. Ward, 2003 Published in conjunction with the exhibition organized by the Museum of Fine Arts Boston in collaboration with The Furniture Society from November 12 2003 to February 8 2004 Boats and Boating in the Adirondacks Hallie E. Bond, 1998-08-01 Adirondack history is a tale written on the water In the Adirondacks people have traveled conducted warfare hunted and fished gone to church proposed marriage and driven logs in on from or by water Without boats small and large Adirondack history social recreational commercial and environmental would be an affair entirely different from what we have come to know In this lavishly illustrated account Hallie E Bond presents a history of these boats canoes sailboats power launches outboards and the indigenous guideboat that figure prominently in the overall history of the Adirondacks The pre contact Indians paddled dugout and bark canoes in the seventeenth and eighteenth centuries these craft were joined by skiffs and bateaux Between 1820 and World War II a distinctive tradition of boat building developed culminating in the famous Adirondack guideboat As the nineteenth century progressed a variety of small fresh water musclepowered boats was produced in the Adirondacks an assemblage matched by only a few places in the country

There were the canoes and the men that made them famous John Henry Rushton and Nessmuk and the guideboats and their builders H Dwight Grant and Willard Hanmer In the early twentieth century the development of the internal combustion engine irrevocably changed not only boat use and design but life and leisure in the Adirondacks Bond skillfully captures the whole panorama of boats and boating in the Adirondacks from early dugouts and bateaux to the highpowered inboards that won Gold Cup races on Lake George and the Kevlar pack canoes of today Drawing on her experience as an historian and Curator of Collections and Boats at the Adirondack Museum Bond places events and trends of the region in the context of national and international history and describes the significant contribution of the Adirondacks in the early twentieth century development of recreation and travel in America Boats and Boating in the Adirondacks also includes a descriptive catalog of boats from the museum s own collection with nearly two hundred illustrations in addition to those in the narrative a list of boatbuilders active in the North Country before 1975 and a valuable glossary of terms
