Corporate Criminal Liability Mark Pieth,Radha Ivory,2011-04-20 With industrialization and globalization corporations acquired the capacity to influence social life for good or for ill Yet corporations are not traditional objects of criminal law Justified by notions of personal moral guilt criminal norms have been judged inapplicable to fictional persons who think and act through human beings The expansion of new corporate criminal liability CCL laws since the mid 1990s challenges this assumption Our volume surveys current practice on CCL in 15 civil and common law jurisdictions exploring the legal conditions for liability the principles and options for sanctioning and the procedures for investigating charging and trying corporate offenders It considers whether municipal CCL laws are converging around the notion of corporate culture and in any case the implications of CCL for those charged with keeping corporations and other legal entities out of trouble
