Psychopathology and Function Sixth Edition recognizes the importance of interventions focused on quality of life This text offers background knowledge and strategies that can support efforts to address social and situational issues *James Farmer Jr.* Ben Voth,2017-04-13 James Farmer Jr The Great Debater provides a rhetorical and biographical guide to how the American Civil Rights Movement came into being It details James Farmer Jr s intellectual emergence as a young debater at an HBCU in Marshall Texas and ultimately chronicles how this led to the emergence of the first non violent sit in against segregation in 1942 in Chicago Farmer was a key founder of the Congress of Racial Equality CORE that pioneered the non violent strategies that would later be used by Martin Luther King He debated important figures like Malcolm X to provide a powerful advocacy grounded in the praxis of argumentation Ben Voth demonstrates the ongoing relevance of Farmer s successful debate methodology in resolving contemporary race problems in the 21st century such as Black Lives Matter

Race and the Making of the Mormon People Max Perry Mueller,2017-08-08 The nineteenth century history of the Church of Jesus Christ of Latter day Saints Max Perry Mueller argues illuminates the role that religion played in forming the notion of three original American races red black and white for Mormons and others in the early American Republic Recovering the voices of a handful of black and Native American Mormons who resolutely wrote themselves into the Mormon archive Mueller threads together historical experience and Mormon scriptural interpretations He finds that the Book of Mormon is key to understanding how early followers reflected but also departed from antebellum conceptions of race as biblically and biologically predetermined Mormon theology and policy both challenged and reaffirmed the essentialist nature of the racialized American experience The Book of Mormon presented its believers with a radical worldview proclaiming that all schisms within the human family were anathematic to God s design That said church founders were not racial egalitarians They promoted whiteness as an aspirational racial identity that nonwhites could achieve through conversion to Mormonism Mueller also shows how on a broader level scripture and history may become mutually constituted For the Mormons that process shaped a religious movement in perpetual tension between its racist and universalist impulses during an era before the concept of race was secularized Primitive Methodist World and Sunday School Worker ,1897 *The Evangelical Herald* ,1915

The Closing of the Liberal Mind Kim R. Holmes,2016-04-12 A former U S Assistant Secretary of State and currently a Distinguished Fellow at the Heritage Foundation Kim R Holmes surveys the state of liberalism in America today and finds that it is becoming its opposite illiberalism abandoning the precepts of open mindedness and respect for individual rights liberties and the rule of law upon which the country was founded and becoming instead an intolerant rigidly dogmatic ideology that abhors dissent and stifles free speech Tracing the new illiberalism historically to the radical Enlightenment a movement that rejected the classic liberal ideas of the moderate Enlightenment that were prominent in the American Founding Holmes argues that today s liberalism has forsaken its American roots incorporating instead the authoritarian anti clerical and anti capitalist prejudices of the radical and largely European Left

The result is a closing of the American liberal mind Where once freedom of speech and expression were sacrosanct today liberalism employs speech codes trigger warnings boycotts and shaming rituals to stifle freedom of thought expression and action It is no longer appropriate to call it liberalism at all but illiberalism a set of ideas in politics government and popular culture that increasingly reflects authoritarian and even anti democratic values and which is devising new strategies of exclusiveness to eliminate certain ideas and people from the political process Although illiberalism has always been a temptation for American liberals lurking in the radical fringes of the Left it is today the dominant ideology of progressive liberal circles This makes it a new danger not only to the once venerable tradition of liberalism but to the American nation itself which needs a viable liberal tradition that pursues social and economic equality while respecting individual liberties
