June 3 2010 School Board Presentation:

Make a Big Impact @ Your School Board Meeting Margaux DelGuidice-Calemme, Rose M. Luna, 2012-05-15 This book details effective strategies for promoting a library beyond the building level in order to make an impact with the influential individuals who make the key decisions that directly affect the school district and library program. **Make a Big Impact Your School Board Meeting** was inspired by the authors' experiences speaking at local and national library conferences on the topic of making presentations to school boards and forging relationships with key administrators. It became clear that many librarians are unsure how to create a comprehensive marketing plan and are simply too busy with their day to day tasks to tackle this daunting project. This book is written specifically for K-12 librarians in the field. It can also serve as an instructional tool for school library certification programs. It spotlights the importance of ongoing advocacy and leadership, teaches school librarians how to demonstrate the tremendous value of their library programs, and how they directly impact student achievement and showcases library specific marketing techniques that can be used during good and poor economic times. By using the straightforward methods and tools provided, librarians will greatly improve their ability to avoid detrimental budget cuts to their programs.

Choosing a Sustainable Future Liz Walker, 2011-02-01 A small city's big vision that can help transform your own community. We all want a sustainable future, but what does it look like and how do we get there? In Ithaca, NY, a new culture is blossoming: one that values cooperation, local production, environmental stewardship, social justice, and creativity. Ithaca is showing the way to meet the challenges of the day with a wide variety of practical, real-world solutions. Filled with inspiring examples, Choosing a Sustainable Future provides readers with a remarkable sense of possibility. Explore Ithaca's bustling vibrant farmers markets overflowing with fresh local produce; award-winning community credit union that triples the savings of low-income people; flagship college sustainability programs; pioneering alternative transportation programs such as Ithaca Carshare; innovative efforts by coalitions of local business, university, government, and activists to create transformation in areas as diverse as green building, city planning, health and wellness, and honoring cultural diversity. Taken together, these examples of citizen engagement are a taste of what life could be like in a sustainable city of the future. In a time of overwhelming economic, social, and environmental crises, Choosing a Sustainable Future provides a quiet, authoritative voice of hope.

School Segregation in Western North Carolina Betty Jamerson Reed, 2011-10-14 Although African Americans make up a small portion of the population of western North Carolina, they have contributed much to the area's physical and cultural landscape. Denying Science John Grant,2011-10-04 Is global warming just scaremongering by climatologists conspiring to protect their jobs Is evolution just a

theory Is autism caused by vaccinations The answer to all of these questions is of course no The scientific evidence is now in and it s conclusive on these and many more issues that are fundamental to our knowledge and wellbeing But you d never know this if all of your information came from the popular media or your upbringing and immediate circle of influence didn t include critical thinking and basic scientific literacy As this witty book with a very serious message shows our culture has in recent decades been characterized by a widespread antagonism toward science and the not always welcome messages it brings Large sections of the supposedly sophisticated populations in the developed nations are in an active state of denial Not only do they deny scientific evidence but they also call into question the very competence of science as a descriptor of reality In short they deny reality The author surveys the gamut of clearly unscientific ideas concerning the food we eat the medicines and potions we are either afraid of or advised to take our sex preferences and a host of other issues that are raised by various panics urban legends and a general climate of misinformation He also examines how special interests from agribusiness to pharmaceutical companies to creationists actively work to distort or suppress scientific findings While the tendency may be to laugh at some of the ridiculous notions catalogued in the author s overview of bogus ideas the overall picture he creates is anything but funny This book reminds the reader that the future of free increasingly complex societies depends on an educated citizenry that is able to think clearly and critically based on reliable information *English with an Accent* Rosina Lippi-Green,2012-03-15 Since its initial publication *English with an Accent* has provoked debate and controversy within classrooms through its in depth scrutiny of American attitudes towards language Rosina Lippi Green discusses the ways in which discrimination based on accent functions to support and perpetuate social structures and unequal power relations This second edition has been reorganized and revised to include new dedicated chapters on Latino English and Asian American English discussion questions further reading and suggested classroom exercises updated examples from the classroom the judicial system the media and corporate culture a discussion of the long term implications of the Ebonics debate a brand new companion website with a glossary of key terms and links to audio video and images relevant to the each chapter s content *English with an Accent* is essential reading for students with interests in attitudes and discrimination towards language *Marine Highway Transport of Toxic Inhalation Hazard Materials* C. The State of the System Paul W. Bennett,2020-09-23 Over the last fifty years Canada s public schools have been absorbed into a modern education system that functions much like Max Weber s infamous iron cage Crying out for democratic school level reform the system is now a centralized bureaucratic fortress that every year becomes softer on standards for students less accessible to parents further out of touch with communities and surprisingly unresponsive to classroom teachers Exploring the nature of the Canadian education order in all its dimensions The State of the System explains how public schools came to be so bureaucratic confronts the critical issues facing kindergarten to grade 12 public schools in all ten provinces and addresses the need for systemic reform Going beyond a diagnosis of the stresses strains and ills present in the system Paul Bennett proposes a bold plan to re engineer schools on a more human scale as the first step in truly reforming public education In place of school consolidation and managerialism one size fits all uniformity limited school choice and the success for all curriculum Bennett advocates for a new set of priorities decentralize school governance deprogram education ministries and school districts listen to parents and teachers and revitalize local education democracy Tackling the thorny issues besetting contemporary school systems in Canada The State of the System issues a clarion call for more responsive engaged and accountable public schools Urban Renewal and School Reform in Baltimore Erkin Özay,2020-08-11

Urban Renewal and School Reform in Baltimore examines the role of the contemporary public school as an instrument of urban design The central case study in this book Henderson Hopkins is a PK 8 campus serving as the civic centerpiece of the East Baltimore Development Initiative This study reflects on the persistent notions of urban renewal and their effectiveness for addressing the needs of disadvantaged neighborhoods and vulnerable communities Situating the master plan and school project in the history and contemporary landscape of urban development and education debates this book provides a detailed account of how Henderson Hopkins sought to address several reformist objectives such as improvement of the urban context pedagogic outcomes and holistic well being of students Bridging facets of urban design development and education policy this book contributes to an expanded agenda for understanding the spatial implications of school led redevelopment and school reform **Schoolhouse Shams** Peter Downs,2013 Written by a parent and school board member who first

embraced many of the ideas of the modern school reform movement Schoolhouse Shams lays bare much of the mythology and misinformation that underpin many of the failed school reform policies of the last decade Many of the top strategies of the highly publicized school reform movement already have been tried out in St Louis with disastrous results Along with demonstrating the failure of school reform prescriptions to improve education the experience of St Louis demonstrates that the ideological premise of the reform movement that a focus on providing opportunities for private profit taking will necessarily improve schools is both wrong and conflicts with the ideals of democracy accountability and justice
