Seabrook, Jacopo Bellasio, Bryan Frederick, Andriy Bega, Jakub Hlavka, 2016-10-05 The Maidan Revolution in Ukraine created an opportunity for change and reforms in a system that had resisted them for 25 years This report examines Ukraine s security sector assessing what different institutions need to do and where gaps exist and offers recommendations for the reform of Ukraine s security and defense institutions that meet Ukraine s security needs and align with Euro Atlantic standards and approaches A

Socio-Political Model of Lies in Russia Jason C. Vaughn, 2016-04-29 This book is written to examine Russian public opinion culture and society in the context of the lies liars and untruths consistent with but not exclusively part of the rule of Russia's second and fourth post Soviet President Vladimir Vladimirovich Putin Then it is to assess what future there is for Russia in view of Russia's peculiar socio political culture of parallel truth and untruth Based on new research literature and historical examination of untruth in Russia using political social cultural media and public opinion analysis this study develops and applies a new and novel approach or model's to the study of lies in Russia Further this book seeks to provide an understanding of Russia's socio political environment to outsiders not versed in the ins and outs of the influences causes and reasoning for the Russian government's and the Russian public's reactions to publicized events **The Business of**

Education Joel Spring, John Eric Frankson, Corie A. McCallum, Diane Price Banks, 2017-07-06 The Business of Education a comprehensive view of how education policy is made in the US and in some cases globally analyzes and critiques the influence of educational policy networks in a wide range of contexts and from a variety of perspectives including testing college preparation juvenile detention centers special education the arts teacher evaluation systems education of undocumented immigrants college faculty preparation and financial aid A network chart in most chapters illustrates how the major political actors mainly private philanthropic foundations for profit companies government officials and politicians involved in the network are linked Joel Spring internationally renowned scholar and analyst of educational policy situates and frames the network studies in an introduction discussing general theories of education policy networks **Indefensible**

Paul Holden, 2016-09-15 Although there is often opposition to individual wars most people continue to believe that the arms industry is necessary in some form to safeguard our security provide jobs and stimulate the economy Not only conservatives but many progressives and liberals support it for these reasons Indefensible puts forward a devastating challenge to this conventional wisdom which has normalised the existence of the most savage weapons of mass destruction ever known It is the essential handbook for those who want to debunk the arguments of the industry and its supporters deploying case studies statistics and irrefutable evidence to demonstrate they are fundamentally flawed both factually and logically Far from protecting us the book shows how the arms trade undermines our security by fanning the flames of war terrorism and global instability In countering these myths the book points to ways in which we can combat the arms trade's malignant influence reclaim our democracies and reshape our economies The Oxford Handbook of Corporate Social Responsibility Abigail

McWilliams, Deborah E. Rupp, Donald S. Siegel, Günter K. Stahl, David Andrew Waldman, 2019 This Handbook provides an authoritative overview of recent developments in CSR research from across the social sciences Divided into key sections the chapters reflect the interdisciplinary and international nature of current CSR scholarship and explore new perspectives on the topic *The Routledge Companion to the Cultural Industries* Kate Oakley, Justin O'Connor, 2015-05-22 The Routledge

Companion to the Cultural Industries is collection of contemporary scholarship on the cultural industries and seeks to re

assert the importance of cultural production and consumption against the purely economic imperatives of the creative industries Across 43 chapters drawn from a wide range of geographic and disciplinary perspectives this comprehensive volume offers a critical and empirically informed examination of the contemporary cultural industries A range of cultural industries are explored from videogames to art galleries all the time focussing on the culture that is being produced and its wider symbolic and socio cultural meaning Individual chapters consider their industrial structure the policy that governs them their geography the labour that produces them and the meaning they offer to consumers and participants The collection also explores the historical dimension of cultural industry debates providing context for new readers as well as critical orientation for those more familiar with the subject Questions of industry structure labour place international development consumption and regulation are all explored in terms of their historical trajectory and potential future direction By assessing the current challenges facing the cultural industries this collection of contemporary scholarship provides students and researchers with an essential guide to key ideas issues concepts and debates in the field

Morbid

Symptoms Gilbert Achcar, 2016-05-25 Since the first wave of uprisings in 2011 the euphoria of the Arab Spring has given way to the gloom of backlash and a descent into mayhem and war The revolution has been overwhelmed by clashes between rival counter revolutionary forces resilient old regimes on the one hand and Islamic fundamentalist contenders on the other In this eagerly awaited book foremost Arab world and international affairs specialist Gilbert Achcar analyzes the factors of the regional relapse Focusing on Syria and Egypt Achcar assesses the present stage of the uprising and the main obstacles both regional and international that prevent any resolution In Syria the regime's brutality has fostered the rise of jihadist forces among which the so called Islamic State emerged as the most ruthless and powerful In Egypt the Muslim Brotherhood's year in power was ultimately terminated by the contradictory conjunction of a second revolutionary wave and a bloody reactionary coup Events in Syria and Egypt offer salient examples of a pattern of events happening across the Middle East Morbid Symptoms offers a timely analysis of the ongoing Arab uprising that will engage experts and general readers alike Drawing on a unique combination of scholarly and political knowledge of the Arab region Achcar argues that short of radical social change the region will not achieve stability any time soon

Sovereign Wealth Funds, Local Content Policies and CSR

Eduardo G. Pereira, Rochelle Spencer, Jonathon W. Moses, 2021-01-25 This book explores three particular strategies in the extractives sector for creating shared wealth increased labour opportunities and positive social environmental and economic outcomes from corporate projects namely state wealth funds SWF local content policies LCP and corporate social responsibility CSR practices Collectively the chapters explore the associated experiences and challenges in different parts of the world with the view to inform equitable and sustainable development for the communities living adjacent to extractives sites and the wider society and environment Examples of LCPs SWFs and CSR practices from 12 jurisdictions with diverse experiences offer useful insights The book illuminates challenges and opportunities for sustainable development outcomes of

the extractives sector It reflects the need to take on board the lessons of these global experiences in order to improve outcomes for poverty reduction inequality reduction and sustainable development Capitalism in Chaos Máté Rigó,2022-08-15 Capitalism in Chaos explores an often overlooked consequence and paradox of the First World War the prosperity of business elites and bankers in service of the war effort during the destruction of capital and wealth by belligerent armies This study of business life amid war and massive geopolitical changes follows industrialists and policymakers in Central Europe as the region became crucially important for German and subsequently French plans of economic and geopolitical expansion in the late nineteenth and early twentieth centuries Based on extensive research in sixteen archives five languages and four states M t Rig demonstrates that wartime destruction and the birth of war millionaires were two sides of the same coin Despite the recent centenaries of the Great War and the Versailles peace treaties knowledge of the overall impact of war and border changes on business life remains sporadic based on scant statistics and misleading national foci Consequently most histories remain wedded to the viewpoint of national governments and commercial connections across national borders Capitalism in Chaos changes the static historical perspective by presenting Europe s East as the economic engine of the continent Rig accomplishes this paradigm shift by focusing on both supranational regions including East Central and Western Europe as well as the eastern and western peripheries of Central Europe Alsace Lorraine and Transylvania from the 1870s until the 1920s As a result Capitalism in Chaos offers a concrete lively history of economics during major world crises with a contemporary consciousness toward inequality and disparity during a time of collapse Transitional Justice and the Public Sphere Chrisje Brants,Susanne Karstedt,2017-11-02 Transparency is a fundamental principle of justice A cornerstone of the rule of law it allows for public engagement and for democratic control of the decisions and actions of both the judiciary and the justice authorities This book looks at the question of transparency within the framework of transitional justice Bringing together scholars from across the disciplinary spectrum the collection analyses the issue from socio legal cultural studies and practitioner perspectives Taking a three part approach it firstly discusses basic principles guiding justice globally before exploring courts and how they make justice visible Finally the collection reviews the interface between law transitional justice institutions and the public sphere

Beyond the EU Regulatory State Andrea Prontera,2019-08-16 The EU s growing dependence on natural gas and Russian resources energy security has become a hot discussion topic in academia and in policy circles in Brussels Washington and many European capitals However most of the books on the subject use a very descriptive and or normative approach and very few attempt to theorise EU energy security outside of mainstream conceptualisations of the EU as an international actor This book closes an important gap in the literature and offers a fresh perspective on EU energy studies and it will be an important contribution to the debate on the development of European integration and the EU s role in international relations in the wake of the crisis in EU politics and in light of the EU s increasingly complex external

environment Due to its interdisciplinary features the book combines EU studies international affairs political economy and energy studies and the topics covered this book will be of special interest to scholars of the international political economy of energy and to those interested in European politics and EU international relations The Human Rights Covenants at 50

Daniel Moeckli,Helen Keller,Corina Heri,2018-06-06 Half a century ago on 16 December 1966 the UN General Assembly adopted the International Covenant on Civil and Political Rights ICCPR and the International Covenant on Economic Social and Cultural Rights ICESCR While the adoption of the two UN human rights covenants was celebrated all over the world their 50th anniversary has received very little attention from the international community The present book marks this anniversary by taking stock of the first half century of the existence of what are probably the world s two most important human rights treaties It does so by reflecting on what the covenants have achieved or failed to achieve in the years that have passed by determining and comparing their current influence in the various regions of the world and by assessing their potential roles in the future The book contains papers that were presented during a symposium held in Zurich in 2016 which brought together experts and stakeholders from a range of disciplines and world regions Some fundamental issues that are addressed by the contributors are as old as the two covenants themselves They concern for example the division of human rights into first and second generation rights and the question of whether there should be one central monitoring body possibly a world court or more than just one However the contributors go beyond such questions that have been explored before they develop new answers to old questions and point to new challenges **Mental Health and Higher Education**

in Australia Abraham P. Francis,Margaret Anne Carter,2022-03-12 This book addresses a broad range of issues related to mental health in higher education in Australia with specific reference to student and staff well being It examines the challenges of creating and sustaining more resilient cultures within higher education and the community Showcasing some of Australia s unique experiences the authors present a multidisciplinary perspective of mental health supports and services relevant to the higher education landscape This book examines the different ways Australian higher education institutions responded are responding to the COVID 19 pandemic with reference to domestic and international students Through the exploration of practice and research the authors add to the rich discourses on well being in the higher education

Innovations, Securities, and Case Studies Across Healthcare, Business, and Technology Burrell, Darrell Norman,2024-01-15 The longstanding practice of keeping academic disciplines separate has been a barrier to effectively addressing the complex challenges in our world The boundaries separating fields like healthcare social sciences and technology have obscured the potential for interdisciplinary collaboration preventing us from unlocking innovative solutions to the most pressing issues of our time As a result the critical problems we face from healthcare inequities to technological advancements with ethical dilemmas have remained largely unresolved This fragmented approach to academic inquiry has left a void in our quest to tackle these challenges effectively The solution is found within the pages of Innovations Securities

and Case Studies Across Healthcare Business and Technology This groundbreaking compendium illuminates the transformative potential of interdisciplinary collaboration offering direction and support in the form of knowledge for scholars researchers practitioners and students committed to solving real world problems By harnessing the collective wisdom of diverse disciplines the book demonstrates how convergence across healthcare social sciences organizational behavior and technology can lead to groundbreaking insights and solutions It showcases success stories and innovative strategies that drive positive change within our societies offering a roadmap towards a brighter more interconnected future

Local Content and Sustainable Development in Global Energy Markets Damilola S. Olawuyi,2021-03-04 Local

Content and Sustainable Development in Global Energy Markets analyses the topical and contentious issue of the critical intersections between local content requirements LCRs and the implementation of sustainable development treaties in global energy markets including Africa Asia Europe North America Latin America South America Australasia and the Middle East While LCRs generally aim to boost domestic value creation and economic growth inappropriately designed LCRs could produce negative social human rights and environmental outcomes and a misalignment of a country s fiscal policies and global sustainable development goals These unintended outcomes may ultimately serve as disincentive to foreign participation in a country s energy market This book outlines the guiding principles of a sustainable and rights based approach focusing on transparency accountability gender justice and other human rights issues to the design application and implementation of LCRs in global energy markets to avoid misalignments

Capitalism's Hidden Worlds Kenneth

Lipartito, Lisa Jacobson, 2020-01-24 A dynamic social history of shadow capitalism spanning the late nineteenth and twentieth centuries Observers see free markets the relentless pursuit of profit and the unrelenting drive to commodify everything as capitalism s defining characteristics These most visible economic features however obscure a range of other less evident often unmeasured activities that occur on the margins and in the concealed corners of the formal economy The range of practices in this large and diverse hidden realm encompasses traders in recycled materials and the architects of junk bonds and shadow banking It includes the black and semi licit markets that allow wealthy elites to avoid taxes and the unmeasured domestic and emotional labor of homemakers and home care workers By some estimates the unmeasured economic activity that occurs within the household informal market and underground economy amounts to a substantial portion of all economic activity in the world as much as 30 percent in some countries Capitalism s Hidden Worlds sheds new light on this shadowy economic landscape by reexamining how we think about the market In particular it scrutinizes the missed connections between the official visible realm of exchange and the uncounted and invisible sectors that border it While some hidden markets emerged in opposition to the formal economy much of the obscured economy described in this volume operates as the other side of the legitimate state sanctioned marketplace A variety of historical actors from fortune tellers and forgers to tax lawyers and black market consumers have constructed this unseen world in tandem with the observable public world of transactions Others such as feminist development economists and government regulators have worked to bring the darkened corners of the economy to light The essays in Capitalism s Hidden Worlds explore how the capitalist marketplace sustains itself how it acquires legitimacy and even prestige and how the marginalized and the dispossessed find ways to make ends meet Contributors Bruce Baker Eileen Boris Eli Cook Hannah Frydman James Hollis Owen Hyman Anna Kushkova Christopher McKenna Kenneth Mour Philip Scranton Bryan Turo
