POOH CORNER DAYCARE & PRESCHOOL

We are problem solving ideas to get the children outside. Please be patient with us as we respect all boundaries of the church as well as necessary precautions

Directors Corner

With COVID-19 becoming quite a large part of how we go about our lives we would like our families to know we are a team! Raising children is hard in the best of circumstances. These changes can bring grave confusion to children. While some show signs of this more than others we want to ensure each child, individually knows that Pooh Corner is a safe, consistent place. Open communication is key to Pooh Corner being a support system during this time. Please reach out to myself or any staff with questions or concerns. The staff have been doing fantastic and we will continue to offer all the support and precautions we can!

I also want to thank each of you for understanding our large list of precautions, some that has brought extra collaboration from parents. Overall the children are adjusting well to the changes and have integrated back into classrooms very well.

As always, please feel free to reach out anytime.

Diverse Families, Desirable Schools Mira Debs, 2021-03-09 In *Diverse Families, Desirable Schools* Mira Debs offers a richly detailed study of public Montessori schools which make up the largest group of progressive schools in the public sector. As public Montessori schools expand rapidly as alternatives to traditional public schools, the story of these schools, Debs points out, is a microcosm of the broader conflicts around public school choice. Drawing on historical research, interviews with public Montessori educators, and ethnographic case studies, Debs explores the forces that pull intentionally diverse progressive schools toward elitism. At the heart of Debs's book is a thoughtful analysis of the notion of fit between parents and schools, an idea that is central to school choice, which is often marketed as an opportunity for parents to find the perfect fit for their kids. By exploring parents' varied motivations in choosing these schools and observing how families experience or fail to experience a good fit after having chosen a particular school, Debs makes an original contribution to the literature on school choice and sheds light on the dilemmas entailed in maintaining diversity in progressive charter and magnet schools.
