Intermedial Arts Leena Eilittä, Liliane Louvel, 2011-08-08 The essays in this collection which were written by European and North American specialists position intermediality as a praxis of interpretative analysis in order to show how intermediality challenges our notion of art The writers examine the various intermedial relations between the arts which may take the form of reference to another form of art a combination of two or more forms of art or a generic transformation from one form of art to another In such cases an intermedial approach helps us to grasp the changing relationship between the arts which affects our reception of experience Intermediality has profoundly changed our understanding of interdisciplinary relations formerly examined in the field of interart studies By introducing a medial aspect intermediality has succeeded in making a leap from past practices of artistic interrelatedness to our contemporary medial age in which literature along with other arts may be understood as a medium This ambitious undertaking has contributed to the liberation of literature and other arts from an isolated position in the established scholarly landscape with its clear cut borderlines between disciplines The essays in this collection are a valuable contribution to this on going discussion about the relationships between the arts The variety of essays published in this collection makes it an excellent introduction to academics and university students in such disciplines as literature music theatre art history and media studies Due to its clarity which does not sacrifice philosophical depth concerning the role of intermedial studies for several forms of art this book will also be of interest to academics and students who are currently working at advanced level art schools *The Finnish Civil War 1918*, 2014-08-14 The Finnish Civil War 1918 offers a rich account of the history and memory of the short conflict between socialist Reds and non socialist Whites in the winter and spring of 1918 It also traces the legacy of the bloody war in Finnish society until today The volume brings together established scholarship of political and social history with newer approaches stemming from the cultural history of war memory studies gender studies history of emotions psychohistory and oral history The contributors provide readers with a solid discussion of the Civil War within its international and national frameworks Among themes discussed are violence and terror enemy images Finnish irredentist campaigns in Soviet Karelia and the complex memory of the conflict Besides a historical narrative the volume discusses the current state of historiography of the Finnish Civil War Contributors are Anders Ahlbeck Pertti Haapala Marianne Junila Tiina Kinnunen Tiina Lintunen Aapo Roselius Tauno Saarela Juha Siltala Tuomas Tepora and Marko Tikka **Kirjastopäiväkirja** Pertti Julkunen, 2013-10-31 Tampereen kaupunginkirjaston johto on paiskanut lujasti t it jotta saisi lapset kirkumaan kirjastossa mutta ei ole viel onnistunut t ydellisesti L hesk n kaikki eiv t huuda viel k n Mutta kirjaston rauha ja kirjaston ilo on jo viety my s niilt lapsilta jotka ovat y h hiljaa Kirjasto ei ole en heille eik kenellek n muullekaan mik n mill n tavalla erityinen paikka Siell ei en ole hiljaisuutta eik siell voi en syventy kirjoihin Yhteis llisyyden vallassa olevat ihmiset tekev t siell samaa kuin muuallakin Huutavat puhelimiinsa Miksi kirjastoihin on ryhdytty tuomaan melua Miksi niist h vitet n kirjoja ja hakuohjelmat vaikeuttavat niiden l y t

accomplishing over more than a century from the beginnings of cinema until the present The Historical Dictionary of Scandinavian Cinema shows just how long and busy this history has been in the chronology starting in 1896 The introduction then describes the situation in each one of the component countries all of which approached and developed the field in a similar but also slightly different manner The dictionary section with over 400 substantial entries looks at the situation in greater detail with over 400 substantial entries on major actors directors and others significant films various genres and themes and subjects such as animation ethnicity migration and censorship Given its contribution to world cinema it is good to finally have an encyclopedia like this which can meet the interests of the scholar and researcher but also the movie fan
