Joyce Kelley,2017-05-15 Positioned at a crossroads between feminist geographies and modernist studies *Excursions into*

Modernism considers transnational modernist fiction in tandem with more rarely explored travel narratives by women of the period who felt increasingly free to journey abroad and redefine themselves through travel In an era when Western artists writers and musicians sought primitive ideas for artistic renewal Joyce E Kelley locates a key similarity between fiction and travel writing in the way women authors use foreign experiences to inspire innovations with written expression and self articulation She focuses on the pairing of outward journeys with more inward introspective ones made possible through reconceptualizing and mobilizing elements of women s traditional corporeal and domestic geographies the skin the ill body the womb and the piano In texts ranging from Jean Rhys s *Voyage in the Dark* to Virginia Woolf s *The Voyage Out* and from Evelyn Scott s *Escapade* to Dorothy Richardson s *Pilgrimage* Kelley explores how interactions between geographic movement identity formation and imaginative excursions produce modernist experimentation Drawing on fascinating supplementary and archival materials such as letters diaries newspaper articles photographs and unpublished drafts Kelley s book cuts across national and geographic borders to offer rich and often revisionary interpretations of both canonical and lesser known works

*The Publisher* Alan Brinkley,2011-04-05 Acclaimed historian Alan Brinkley gives us a sharply realized portrait of Henry Luce arguably the most important publisher of the twentieth century As the founder of *Time* *Fortune* and *Life* magazines Luce changed the way we consume news and the way we understand our world Born the son of missionaries Henry Luce spent his childhood in rural China yet he glimpsed a milieu of power altogether different at Hotchkiss and later at Yale While working at a Baltimore newspaper he and Brit Hadden conceived the idea of *Time* a news magazine that would condense the week s events in a format accessible to increasingly busy members of the middle class They launched it in 1923 and young Luce quickly became a publishing titan In 1936 after *Time* s unexpected success and Hadden s early death Luce published the first issue of *Life* to which millions soon subscribed Brinkley shows how Luce reinvented the magazine industry in just a decade The appeal of *Life* seemingly cut across the lines of race class and gender Luce himself wielded influence hitherto unknown among journalists By the early 1940s he had come to see his magazines as vehicles to advocate for America s involvement in the escalating international crisis in the process popularizing the phrase World War II In spite of Luce s great success happiness eluded him His second marriage to the glamorous playwright politician and diplomat Clare Boothe was a shambles Luce spent his later years in isolation consumed at times with conspiracy theories and peculiar vendettas *The Publisher* tells a great American story of spectacular achievement yet it never loses sight of the public and private costs at which that achievement came

**Music and the Skillful Listener** Denise Von Glahn,2013-04-09 Explores the relationship between listening and musical

composition focusing on nine American women composers inspired by the sounds of the natural world      *The Wanderer in African American Literature* Gena E. Chandler-Smith, 2024-01-12 *The Wanderer in African American Literature* highlights an enduring feature of African American letters From the slave narrative to Afrofuturism the literature is populated driven and emboldened by wanderers who know no bounds Gena E Chandler argues that wanderers and the theme of wandering push the limits of narrative forms and challenge assumptions about the African American experience The slave narratives of Olaudah Equiano and Harriet Jacobs echo eighteenth and nineteenth century literary traditions and chronicle journeys toward freedom and faith Equiano traces his changing identity integrating his native African culture with his adopted European one Jacobs addresses the gender restrictions she faces as a slave and then a free woman whose progress in life remains uncertain and ongoing Langston Hughes and Nella Larsen chronicle real and imagined journeys during the Harlem Renaissance and the Great Migration Hughes's autobiography *I Wonder as I Wander* 1956 traces his global travels in the 1930s highlighting his unique identity as a black American Larsen's novel *Quicksand* 1928 follows its biracial heroine as she travels throughout the United States and to Denmark while navigating matters of race and gender The protagonist of Richard Wright's *The Outsider* 1953 seeks individual freedom and a new identity but is constrained within the boundaries of an American nation and a Western ideal that continuously views the black subject as outside and distinct from the modern project of advancement and freedom In James Baldwin's *Giovanni's Room* 1956 the white protagonist flees America for France yet cannot escape difficult questions about sexuality and race Finally John Edgar Wideman's *The Cattle Killing* 1996 tells the story of two wanderers an itinerant preacher spreading God's word during the Great Awakening and a twentieth century writer on a journey of self discovery about his identity and vocation The former experiences a crisis of his Christian faith and the latter endures a crisis of faith in his literary abilities Tying these diverse threads together Chandler demonstrates the power of the black narrative to assimilate and redeploy the literary trope of wanderlust exchanging its premise of rootless drifting for something altogether more mobilizing      **Race** Thomas F. Gossett, 1997-08-14 When Thomas Gossett's *Race The History of an Idea in America* appeared in 1963 it explored the impact of race theory on American letters in a way that anticipated the investigation of race and culture being conducted today Bold rigorous and broad in scope Gossett's book quickly established itself as a critical resource to younger scholars seeking a candid theoretically sophisticated treatment of race in American cultural history Here reprinted without change is Gossett's classic study making available to a new generation of scholars a lucid accessibly written volume that ranges from colonial race theory and its European antecedents through eighteenth and nineteenth century race pseudoscience to the racist dimension of American thought and literature emerging against backgrounds such as Anglo Saxonism westward expansion Social Darwinism xenophobia World War I and modern racial theory Featuring a new afterword by the author an introduction by series editors Shelley Fisher Fishkin and Arnold Rampersad and a bibliographic essay by Maghan Keita this indispensable book whose first

edition helped change the way scholars discussed race will richly reward scholars of American Studies American Literature and African American Studies
