Empowering Students and Maximising Inclusiveness and Equality through ICT, 2021-04-06 Access to and participation in education are critical issues in contemporary South Africa Awareness of inclusiveness and equality is not recent having possibly first been described in the dawn of the millennium by the United Nations Educational Scientific and Cultural Organization UNESCO Drawing from the current framings in the SADC education systems the contributors argue that ICT has a key role to play in transformation Africanisation and decolonisation of education Contributors are Skye Adams Najma Agherdien Andrew Crouch Andries Du Plessis Nazira Hoosen Katijah Khoza Shangase Mhulaheni Maguvhe Khetsiwe Masuku Sharon Moonsamy Munyane Mophosho Nomfundo Moroe Ramashego Shila Mphahlele Ndileleni Mudzielwana Shonisani Mulovhedzi Anniah Mupawose Mapula Ngoepe Moshe Phoshoko Dhanashree Pillay Roshni Pillay Ben Sebothoma and Susan Thuketana **More Than a Score** Jesse Hagopian, 2014-11-10 Jesse Hagopian brought a rare moment of truth to the

corporate dominated Education Nation show when he spoke on behalf of his colleagues at Garfield High in Seattle He instantly became the voice and face of the movement to stop pointless and punitive high stakes testing Diane Ravitch author of Reign of Terror In cities across the country students are walking out parents are opting their children out and teachers are rallying against the abuses of high stakes standardized testing These are the stories in their own words of some of those who are defying the corporate education reformers and fueling a national movement to reclaim public education Alongside the voices of students parents teachers and grassroots education activists the book features renowned education researchers and advocates including Nancy Carrlson Paige Karen Lewis and Monty Neill Jesse Hagopian teaches history and is the Black Student Union adviser at Garfield High School the site of the historic boycott of the MAP test in 2013 He is an associate editor of Rethinking Schools and winner of the 2013 Secondary School Teacher of Year award from the Academy of Education Arts and Sciences He is a contributing author to Education and Capitalism Struggles for Learning and Liberation and 101 Changemakers Rebels and Radicals Who Changed US History and writes regularly for Truthout Black Agenda Report and the Seattle Times Op Ed page **Educational Leadership in Becoming** Nuraan Davids, Yusef

Waghid, 2016-08-25 Educational Leadership in Becoming reconsiders educational leadership in its current forms and presents a more plausible form of educational leadership to contend with the complexities currently found in universities and schools Much of the literature in vogue concerning educational leadership ranges from transactional to transformative representations of the concept in relation to educational management and policy curriculum inquiry and pedagogical action The primary aim of this book is to revisit some of the dominant understandings of educational leadership and to offer an extended view of the practice along the lines of potentiality and becoming Davids and Waghid argue that all current forms of educational leadership are insufficient to enact responsible human action particularly when it comes to addressing the combined issues of globalisation and equitable redress and transformation whether in relation to leading schools or

universities The primary objective of the book is to draw on the Agambian notion of becoming in order to show that an educational leadership in becoming is better placed to not only address the myriad challenges besetting education but to also enhance the potential of leadership in action The book addresses an international audience by analysing conceptions of transformative leadership and should be read by anyone who is interested in education and educational leadership as well as the impact of neoliberal agendas on education and society It should also appeal to those interested in the philosophy of education
